Matters of Life and Death Tom Regan, 1980 *With Or Without God, Life's Mysteries Continue Ruminations on God, Life, Death, Spirits, Reincarnation and the Future of Humankind* Sondlo Leonard Mhlaba, PhD, 2010 Sooner or later we all face the questions explored in With or Without God Life s Mysteries Continue questions about the purpose of life human mortality spirituality God and life beyond the grave The title conveys the author s tentativeness perhaps humility There are no postulates here no truths to be revealed These are ruminations What makes these ruminations notable is that they are those of a man who in his own words has traversed centuries of human experience in 66 years and in the process acquired a unique perspective on life and nature Mhlaba grew up in Zimbabwe in what he calls a pre modern age He has lived in fear of spooks and ghosts worshipping ancestral spirits and was subject to the tyranny of witches and the machinations of unseen forces He could have easily remained in that life as his forebears had done before him Fortunately his parents understood that he and his siblings would live much of their lives in a changed world and prepared them through education The book ends with a fascinating look into the future of humankind taking the reader through uncharted territory and a new sense of awe about the meaning of life and what may lie beyond Mhlaba went on to earn a Ph D and taught physics and mathematics at university level He now lives in Newton Massachusetts with his wife Nancy They have four grown children Mhlaba is currently writing a book on global governance
