

## Maintenance Schedules

**NOTE:** Refer to appropriate Mercury MerCruiser Sterndrive Service Manual for information and procedures on sterndrive maintenance.

### WARNING

Always disconnect battery cables from battery **BEFORE** working around electrical system components to prevent injury to yourself or damage to electrical system should a wire be accidentally shorted.

## Maintenance Intervals

Maintenance intervals and the tasks to be performed are generally based on an average boating application and environment. However, individual operating habits and personal maintenance preferences can have an impact on the suggested intervals. In consideration of these factors, Mercury MerCruiser has adjusted some maintenance intervals and corresponding tasks. In some cases, this may allow for more tasks to be performed in a single visit to the dealer, rather than multiple visits. Therefore, it is very important that the boat owner and servicing dealer discuss the Maintenance Schedule and develop appropriate maintenance intervals to coincide with individual operating habits, the environment and maintenance requirements.
