L'homme Des Passions Tome Commentaires Sur Descartes:

L'Homme des passions - tome 2 Denis Kambouchner, 2014-04-01 Le dualisme cartésien aujourd'hui combattu par le matérialisme des sciences cognitives est devenu un mythe de la pensée moderne. On ne saurait pourtant comprendre la distinction que Descartes établit entre l'âme et le corps sans avoir examiné l'état de la pensée sur leur union et en particulier sa dernière œuvre, le *Traité des passions* de l'âme. L'analyse minutieuse de ce texte difficile que Denis Kambouchner, professeur de philosophie à l'université de Clermont-Ferrand, a mené ne comble pas seulement une lacune de la tradition critique. En faisant surgir du *Traité des passions* des thématiques ignorées, elle rend au dualisme cartésien toute sa subtilité. La distinction de l'âme et du corps n'est pas un acte de fermeture dogmatique; elle s'inscrit dans le projet d'une réforme de l'entendement, à partir de laquelle peuvent se développer toute une science de l'homme et toute une éthique dont les passions fournissent l'ultime articulation. Inversant la perspective habituelle sur l'œuvre de Descartes, l'ouvrage de Denis Kambouchner rend la pensée du cavalier français sa complexité et sa force intactes. En même temps qu'il témoigne du dynamisme des études cartésiennes, il est exemplaire d'une manière nouvelle d'aborder les textes classiques. *L'Homme des passions - tome 1* Denis

Spinoza's Authority Volume I A. Kiarina Kordela, Dimitris Vardoulakis, 2017-12-28 Spinoza's political thought has been subject to a significant revival of interest in recent years. As a response to difficult times, students and scholars have returned to this founding figure of modern philosophy as a means to help reinterpret and rethink the political present. *Spinoza's Authority Volume I: Resistance and Power in Ethics* makes a significant contribution to this ongoing reception and utilization of Spinoza's political thought by focusing on his posthumously published *Ethics*. By taking the concept of authority as an original framework, this book asks: How is authority related to ethics, ontology and epistemology? What are the social, historical and representational processes that produce authority and resistance? And what are the conditions of effective resistance? *Spinoza's Authority* features a roster of internationally established theorists of Spinoza's

work and covers key elements of Spinoza's political philosophy including questions of authority the resistance to authority sovereign power democratic control and the role of Spinoza's multitudes

Thinking about the Emotions Alix Cohen, Robert Stern, 2017-05-26 Philosophical reflection on the emotions has a long history stretching back to classical Greek thought even though at times philosophers have marginalized or denigrated them in favour of reason Fourteen leading philosophers here offer a broad survey of the development of our understanding of the emotions The thinkers they discuss include Aristotle Aquinas Ockham Descartes Malebranche Spinoza Hobbes Hume Shaftesbury Hutcheson Kant Schiller Schopenhauer Nietzsche James Brentano Stumpf Scheler Heidegger and Sartre Central issues include the taxonomy of the emotions the distinction between emotions passions feelings and moods the relation between the emotions and reason the relationship between the self and the emotions At a metaphilosophical level the collection also raises issues about the value of historical study of the discipline and what light it can shed on contemporary concerns Thinking about the Emotions is a fascinating and illuminating collective study of how philosophers have grappled with this most intriguing part of our nature as beings who feel as well as think and act
