*Happy Yoga* Steve Ross, 2003-11-11 After studying yoga in

India and traveling all over the world with traditional Vedantic masters Steve Ross returned to his hometown of Los Angeles with a broadened point of view of what yoga could be. He was surprised to find that yoga classes at home were missing the humor, joy, and celebration that fueled his Eastern studies. Instead of expanding and enhancing the joy of being Western, yoga classes focused obsessively on correcting body positions and developing a picture perfect physique. Determined to keep his yoga practice true to cultivating bliss and inner radiance, Ross started his own yoga studio and has created a yoga movement in Los Angeles that is to put it simply revolutionary. Ross lives and teaches according to his belief that the secret to yoga is not obsessing over whether your feet are parallel or whether you can bend as far as the person on your left can, but about transcending the serious and allowing joy into your life, your body, your mind, and hopefully your yoga practice itself. It's about lightening up. In *Happy Yoga*, Ross reveals that everyone is inherently happy, but that our true self is shadowed and concealed by the layers of worry that through habit become our daily thoughts. In each chapter, he examines one of our seven greatest human fears: depression, ill health, loss of love, career failure, war, death, and emotional stasis, and uses yoga wisdom to explain how to strip away these worries to reach your core of calm, radiant joy. By sharing his system of yoga postures, diet, meditation, music, supplements, and philosophy, Ross has effected profound physical and mental changes in both his life and the lives of his students. Ross's power is that he goes back to the source, five thousand years of ancient yogic wisdom, and decodes the abstract Eastern ideas for a Western audience. *Happy Yoga* is not just a set of movements and facts to consume; it is a way of shifting your awareness to bring the spirit of yoga into each movement, each meal, each relationship, each thought, and each breath. With love and joyful abandon, Ross offers us a new way to practice and live yoga. The result is profound calm, a dramatic release of anxiety and pain, and the realization that there really is nothing to worry about. **Life Isn't Rocket Science** Jeff Canfield, 2014-11-18 When Solomon wrote the words "There is nothing new under the sun," he couldn't possibly have envisioned how complicated life would be in the 21st Century. Fashions change on a weekly basis, and the computer that you bought yesterday is already obsolete. From the latte sipping soccer moms to the pill popping executives, from the aimless Xers to the frustrated Boomers, everyone seems to be looking for a way to make sense of the madness of life. If you feel like pressures and complications have you lost on the road of life, take heart because there is a road sign up ahead: the truth of God's Word. In this book, author Jeff Canfield applies practical, Bible-based truth to some of today's trickiest issues, including work ethics, pursuing your dreams, making godly choices, and keeping up with the Joneses. After reading this book, you will find that God's truth shines a revealing light on these seemingly difficult questions and provides a signpost pointing to the way of escape from a stress-filled life. You can relax because with God's truth as your guide, life isn't rocket science after all. **Live Like You Give a Damn** Andrea Owen, 2025-12-09 From the author of *How to Stop Feeling Like Shit*, comes 25 transformational truths to face the hard stuff, stop living on autopilot, recognize your patterns, and finally change by owning your greatness.
