Life Mysteries Life Is A Mystery To Be Lived:

Life Mysteries Anna Evan, 2015-01-06 Human creativity has always created the works of wonder and awe since times immemorial. The history has witnessed the creation of many a structures that inspire the imagination of all. These historical marvels are a testimony to the fact that the creative power of Homo sapiens has always defied the notions of impossibility. The historical wonders are homage to our own excellence and achievement as a human race. Often called the Seven Wonders of the World, these marvels are hailed as a collective heritage of all mankind in general. They are celebrated symbols of our past standing as a reminder of the accomplishment of our labor and toil and rising above the differences among the peoples which exist otherwise. They are also still reminders of the human capacity for disparity, damage and maybe adornment. As soon as ancient writers compiled a list of seven wonders, it became fodder for debate over which achievements deserved inclusion. Still, all seven continue to inspire and be celebrated as the remarkable products of the creativity and skill of earth's early civilizations. Read more in this book.

Let Go and Live in the Now Guy Finley, 2004-10-01 If you want to have more happiness, joy and fulfillment in your life, read this book and dance in the streets. Michael Toms, author of *A Time for Choices*. That chronic nagging sense of discontent, that sneaky feeling that something is missing from life, that secret yearning for something more, can all be healed. In *Let Go and Live in the Now*, bestselling author Guy Finley brings the great Wisdom Teachings of centuries past into our lives in an intimate, accessible way. Each chapter tackles a hurt that keeps us from experiencing inner peace and happiness and includes a brief essay and a contemporary teaching story followed by exercises to help readers incorporate the teaching into everyday life. Each chapter ends with *Ask the Masters*, a question and answer format with such historical and modern day spiritual masters as Buddha, St. Augustine, G. I. Gurdjieff, Henry David Thoreau, Peter Matthiessen and Jeanne Guyon. It only seems as though there's something more important for you to do than just quietly be yourself, writes Guy Finley. Imagined heavens never last, but eternal principles empower readers to live in the now. From the first story of Katie, her broken heart and the doctor who shows her how to heal it, to the very last lesson of Paul who relocates himself from the city to the country and still can't see the forest for the trees, readers see themselves in these eloquent retellings of ancient spiritual principles. There is something profoundly healing in the way Guy Finley talks to us as if he understands what we have gone through and what we are now capable of. Hugh Prather, author of *Notes to Myself*.

Life's Secrets Revealed Edmund Shaftesbury, 1928 **Singing Silence** Osho, 2004 Children Who Have Lived Before Trutz Hardo, 2012-01-31 In this book, children from all around the world remember their past lives and eminent scientists explain how many of these children's stories have been followed up to verify whether their statements have any foundation in fact. Incredibly, when subjected to scientific investigation, children's memories about their past lives can invariably be confirmed in every detail.
