looking for a complete list of all the Mercury Living Presence records and later the CDs Though I found some information that was helpful to get what I wanted I had to make the list myself I started with lists of records on the record sleeves of the albums got some information from The Absolute Sound magazine and in the internet age found useful information on several internet sites but mostly to get the list I wanted I had to dig up the information and build it myself Having completed the list it occurred to me that other collectors might find it helpful too So I put together a group of databases and spreadsheets in Microsoft Excel and Microsoft Works database format files and issued the databases I had created on a CD rom disc in early 2013 By that time I had all the original series of CDs mastered by Wilma Cozart Fine and many of the records that had been reissued on CD and virtually all of the stereo records not issued on CD plus most of the mono records in which I had a strong interest Now it is available as a book Among other things it includes the following lists Complete Mercury Living Presence CDs including every CD with its track information identifying Composer title soloist conductor orchestra CD LP where originally published and recording date Complete Mercury Living Presence LPs including every LP with its track information identifying Composer title soloist conductor orchestra LP CD on which it was reissued if any and recording date Different versions of the files are arranged by Composer and Title Recording Date Record number and CD number There are also a listings of LPs and LP tracks that have not been reissued in the Mercury Living Presence CD series Included are listings of all original Mercury Living Presence records in the SR 90000 and MG 50000 series all CDs originally mastered by Wilma Cozart Fine all SACDs and the more recent reissues and new issues in the large 50 CD box sets and the 10 CD box sets of Marcel Dupre and Janos Starker There are also a few chapters of background information little known facts and other topics of interest Hopefully readers will find it interesting and useful
