in the Universe is energy the necessary ingredient for manifestation is the consistent mental and emotional energy that you emit in the form of thoughts feelings words and actions It s very important to remember that the phrase Law of Attraction contains the word ACTION Too many people on this spiritual path get caught up reading lots of books about the Law of Attraction attending numerous seminars and hearing lectures about the Universal Law but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation There are many books and audio programs on the market that explain what the Law of Attraction is and what it does but few that actually teach people how to use this creative power on a daily basis As a result this book will provide you with advanced manifestation techniques strategies insights and success stories that will help you quickly manifest your desires with the Law of Attraction Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market A friend recently told me I went to a book store and saw so many Law of Attraction books that I couldn t decide which to buy Another friend said I know what the Law of Attraction is and what it does but I am having trouble understanding what I need to do each day to make it work for me I responded by telling my friend that she is not alone with her concerns There is a lot of information on the market explaining what the Law of Attraction does yet much of it fails to explain what must be done on a daily basis to make it work effectively As a result of these concerns I have written this book to guide readers through a series of real life daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey I have met these wonderful people at seminars workshops lectures churches spiritual centers and through online forums on spirituality and personal growth These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with me and who comprise a growing support group of like minded people who understand the importance of self empowerment and spiritual evolution
