Sun in an African Sky Kevin J. Wetmore, Jr., 2001-11-14 Western literature has become more influential in Africa since the independence of many of that continent's countries in the early 1960s. In particular, Greek tragedy has grown as a model and inspiration for African theatre artists. This work begins with a discussion of the affinity that modern-day African playwrights have for ancient Greek tragedy and the factors that determine their choice of classical texts and topics. The study concentrates on how African playwrights transplant the dramatic action and narrative of the Greek texts by rewriting both the performance codes and the cultural context. The methods by which African playwrights have adapted Greek tragedy and the ways in which the plays satisfy the prevailing principles of both cultures are examined. The plays are *The Bacchae* of Euripides by Wole Soyinka, *Song of a Goat* by J. P. Clark, *The Gods Are Not to Blame* by Ola Rotimi, Guy Butler's *Demea*, Efua Sutherland's *Edufa*, *Orestes* by Athol Fugard, *The Song of Jacob Zulu* by Tug Yourgrau, Femi Osofisan's *Tegonni*, Edward Kamau Brathwaite's *Odale's Choice*, *The Island* by Fugard, John Kani and Winston Ntshona and Sylvain Bemba's *Black Wedding Candles for Blessed Antigone*.

Vision of Change in African Drama Sola Adeyemi, 2019-08-05 Femi Osofisan is a major dramatist from Nigeria who experiments with forms and theatrical traditions. This book focuses on his development as a dramatist and his contribution to world drama as a postcolonial African writer whose major preoccupation has been to question the colonial and postcolonial issues of identity in theatre literature and performance. The volume explores how Osofisan exploits his Yoruba heritage in his drama and the performances of his plays by reading new meanings into popular motifs and narratives to energise dramatic performances in Nigeria and globally, and this text discusses developments in his theatre practices in the context of changing cultural trends.

South African Drama and Theatre from Pre-Colonial Times to the 1990s: an Alternative Reading Mzo Sirayi, 2012-07-09 Mzo Sirayi has embarked on a highly impressive and daring enterprise with the unflinching boldness of a scholar who is driven by a passionate pursuit to set the record straight. He manages to pull no punches and make no apologies by being true to his convictions, especially within the context of a new South Africa. The book adopts a largely historicized critical and analytical perspective which strikingly approximates that of postcolonial theory. Owen Seda This new and authoritative book is an excellent addition to the few existing books on black South African drama and theatre. *South African Drama and Theatre from Pre-colonial Times to 1990s: An Alternative Reading* takes the reader on a tour of the indigenous as well as the modern South African theatre zones. The chapters reverberate with echoes of Africanisation and rock on renaissance waves. This exciting and stimulating book is transparently readable, accessible, and is of inestimable value to academics and general readers. Patrick Ebewo

African literature's development as a field of scholarship and studies of established and lesser known writers and their texts. While the greatest proportion of literary work in Africa has been a product of the twentieth century, the Encyclopedia also covers the literature back to the earliest eras of story telling and oral transmission, making this a unique and valuable resource for those studying social sciences as well as humanities. This work includes cross references, suggestions for further reading, and a comprehensive index.

Trends in Twenty-First-Century African Theatre and Performance Kene Igweonu, 2011. *Trends in Twenty First Century African Theatre and Performance* is a collection of regionally focused articles on African theatre and performance. The volume provides a broad exploration of the current state of African theatre and performance and considers the directions they are taking in the 21st Century. It contains sections on current trends in theatre and performance studies, on applied community theatre, and on playwrights. The chapters have evolved out of a working group process in which papers were submitted to peer group scrutiny over a period of four years at four international conferences. The book will be particularly useful as a key text for undergraduate and postgraduate courses in non-western theatre and performance, where this includes African theatre and performance, and would be a very useful resource for theatre scholars and anyone interested in African performance forms and cultures.

Africa and the United States U.S. National Commission for UNESCO. Conference, 1961. *Myth Performance in the African Diasporas* Benita Brown, Dannabang Kuwabong, Christopher Olsen, 2013-12-24. Diaspora studies continue to expand in range and scope and remain fertile terrain for investigating multiple techniques of myth creation in dance performance history, as performance, dramatic narrative, and staged rituals in the field. Similarly, research in postcoloniality, gender, sexuality, intercultural, and literary studies among others all engage and feature core components of performance and myth in articulating and understanding their fields. This sharing of similar components also demonstrates the interrelatedness of these fields. In *Myth Performance in the African Diasporas: Ritual Theatre and Dance*, the authors contend that performance traditions across artistic disciplines reveal a shared if sometimes varied journey among diasporic artists to reconnect with their African ancestors. The volume begins with a historical and aesthetic overview of how dramatists, choreographers, and performance artists have approached the task of interpreting African myth. The individual chapters reveal how specific artists, dramatists, and choreographers have interpreted African myth and what performative approaches and traditions they have used. Focusing on theatre practitioners from the nineteenth century through the present, the authors examine performative traditions from Canada, the United States, the Caribbean, and Latin America. Drawing upon research in theatre, dance, and literary texts, *Myth Performance in the African Diasporas* will be crucial to academics interested in African performance viewed through the prism of myth making and spiritual/ritualistic stagings. Besides those interested in diasporic studies, this book will also be useful to scholars and students of history, drama, theatre, and dance.
