Last Heartthrob A Walter Forbes Mystery:

Last Heartthrob Bruce Cantwell,2014-12-19 That's when Walter Forbes heard the gunshots In his college days a single gunshot sometimes signaled the start of a race Nowadays and in quick succession gunshots signaled what they did for most people the end He took his gun in hand fixed his eye on the door and waited He couldn't help but wonder could another investigator who'd seen what he'd seen and heard what he'd heard have put the pieces together in time Technology had made being a private eye in a post private world easy maybe too easy One had to be careful not to mistake information for knowledge or knowledge for truth From the gunshots in the prologue the reader is one step ahead of the private eye who is too late to stop a chain of events that he might have been guilty of setting in motion But is knowing that death is imminent enough of an advantage to outwit the professional without knowing for whom the bell tolls This Portland Oregon based twenty first century detective noir examines what kind of mysteries can still exist without privacy Would you stop listening when business conversations turn private and business relationships between men and women become intimate Despite the modern trappings this tale is firmly rooted in the film noir and neo noir traditions Its characters love the movies to death Film buffs will take extra pleasure in the numerous echoes of crime stories from out of the past Last Heartthrob and the Catalanian Candidate Bruce Cantwell,2017-01-22 Walter Forbes is a 21st century P I Information Security Specialist trying to do the right thing in an ethically challenged business and world LAST HEARTTHROB With a Hitchcockesque flair for noir Bruce Cantwell uses the rain soaked city of Portland as the backdrop for a twisty tale with retro undertones and a bang up finale Highly recommended Cindy Brown author of the Ivy Meadows mysteries In this classic film noir tribute a routine high tech background check turns into a deadly game of cat and mouse but just who's the cat and who's the mouse is far from certain THE CATALONIAN CANDIDATE Walter Forbes and his partner Jane Greer Jane Greer are hired to do tech security for Senator Guy Morton But what began as a routine information security assignment had placed Forbes on the front lines of the War on Terror or had it Trojan horses abound People are not what or who they seem to be In fact Forbes Morton and agent Butterfield looked at the same people in the same room but what they saw couldn't differ more And the characters are plunged into a slam bang sortie of the Realpolitik of today's political scene before the story circles back on itself to the beginning Enjoyable Timely And a hell of a lot of fun Shamus Award Winning Author Paul D Marks Both tales focus on human conflict without offensive language explicit sex or violence **Sequels** Janet G.
