

## **Free Essay with Questions and Answers on Ethics and Law Enforcement Essay**

### **What role does ethics play in creating and guiding policy in the criminal justice system?**

Ethics play a huge role in a criminal justice system. Ethics govern the interactions of criminal officers with lawbreakers, influences their decision-making processes, and affects how laws are interpreted. Additionally, ethics maintain civility and is regarded as a moral attribute that brings unity in the society. According to Applbaum (2000), in a criminal system ethics enable the judges to identify aggravating as well as mitigating factors in a case, influencing the judge's decision. Such a system value ethical considerations since they allow policymakers create policies that serve the entire population.

### **What role does ethics play in the enforcement of laws?**

For law enforcement to be genuine, it must go in handy with ethics. This is because ethics enable a police officer to make favourable, unbiased, justifiable judgment, and law-abiding calls to defend innocent civilians. In law enforcement, ethics are important because they allow officers to uphold the law, holding them to higher standards than the public. Also, through the code of ethics in law enforcement, an officer respects the constitutional rights of all to equality, liberty, and justice. Also, ethics ensure the police officer identifies the badge as a representation of public truth and faith.

### **How does ethical enforcement relate to the role of investigating and combating terrorism?**

Ethical enforcement relates to investigating and combating terrorism. Though investigating and fighting terrorism must be conducted within the context of law, the government actions must meet ethical standards. Failure of the government to adhere to ethical principles put them in danger of losing legitimacy, which is a sustaining factor when fighting terrorism. When combating terrorism, ethics prevent indiscriminate killings, maiming, and imprisonment of people unrelated to terrorism.

### **Is torture ethical in terrorism investigations? What if it saves hundreds of lives?**

Torture is unethical in a terrorist investigation. It is an infringement of ethical standards, which the government upholds. Also, torture undermines the ability of the captives to develop relationships with intelligence agencies, and conduct verbal interrogations. Notably, most Americans believe torture is justifiable if it saves hundreds of lives since it results in productive intelligence (Bafacchi & Arrigo, 2006). However, torture should be used as a last resort.
