Murphy, 1979 Critiques Will N Harben's literary career and work **The Christian Century**, 1925 *One Nation, One Blood* Karen Marie Woods, 1999 **The Minutes and Accompanying Documents** Illinois Yearly Meeting (Society of Friends), 1998 *Historically Black Colleges and Universities* Julian Roebuck, Komandur Murty, 1993-08-12 There are currently 109 historically black colleges and universities in the United States Established before 1964 their mission was and continues to be the education of black Americans for service and leadership in the black community as well as the wider community Ever since Lincoln University opened its doors in 1854 controversy has raged over separate black institutions of higher learning Roebuck and Murty review the history of black colleges from the antebellum years prior to 1865 to the present They provide profiles of each of the major black universities from their founding until today including their current student composition and faculty makeup Reviewing the literature on race relations in college life the authors describe tensions on white and black campuses as reported in journals and periodicals They then analyze and interpret the results of their own empirical study of race relations on fifteen campuses in the southeastern United States This is the first comprehensive coverage of the subject *Marriage and the Family* Reuben Hill, Howard Paul Becker, 1942 *Ebony*, 1990-05 *Bridges*, 1992 *Books in Print*, 1991 **The Cumulative Book Index**, 1991 A world list of books in the English language *Saturday Review*, 1967 *One Nation, One Blood* Karen Woods Weierman, 2005 The proscription against interracial marriage was for many years a flashpoint in American culture In *One Nation One Blood* Karen Woods Weierman explores this taboo by investigating the traditional link between marriage and property Her research reveals that the opposition to intermarriage originated in large measure in the nineteenth century desire for Indian land and African labor Yet despite the white majority's overwhelming rejection of nonwhite peoples as marriage partners citizens and social equals nineteenth century reformers challenged the rule against intermarriage reformers held fast to the religious notion of a common humanity and the republican rhetoric of freedom and equality arguing that God made all people of one blood The years from 1820 to 1870 marked a crucial period in the history of this prejudice Tales of interracial marriage recounted in fiction real life scandals and legal statutes figured prominently in public discussion of both slavery and the fate of Native Americans the 1820s when Indian removal became a rallying cry for New England intellectuals In Part Two she shifts her attention to black white marriages from the antebellum period through the early years of Reconstruction In both cases she finds that the combination of a highly publicized intermarriage scandal new legislation prohibiting interracial marriage and fictional portrayals of the ills associated with such unions served to reinforce popular prejudice justifying the displacement of

Indians from their lands and upholding the system of slavery Even after the demise of slavery restrictions against intermarriage remained in place in many parts of the country long into the twentieth century rule that such laws were unconstitutional Finishing on a contemporary note Weierman suggests that the stories Americans tell about intermarriage today stories defining family racial identity and citizenship still reflect a struggle for resources and power
