Naga Magick Denny Sargent, 2014-11 Description Serpents have always been both venerated and feared throughout the world but perhaps none so much as the Naga in Hindu Tantric and Buddhist traditions What are the Naga They are the Serpent Lords of ancient times more akin to the Orishas of Santeria than to the remote gods of Olympus And like the Orishas they are far more accessible This is more than a mythic and historical account of the Naga It is also a Naga Grimoire of practical and spiritual rituals Serpent spirits are seen everywhere in Asian iconography and practices but because of the extremely ancient and grass roots origin of their worship they are only rarely mentioned in traditional religious texts This parallels the prehistoric worship of similar serpent spirits across the ancient world in many places under many names In most Eastern and Western animist or pantheist traditions serpent demigods are positive beings manifesting as spiritual guardians Often these spirits are associated with springs rivers lakes and oceans as well as the numinous chthonian world below as are the Naga Naga wisdom has the power to enlighten us about the ancient often forgotten serpent spirits their magick rituals and their place in helping us to heal Nature Whether you wish to learn the history and mythos of the Serpent Spirits or if you wish to work directly with these luminous beings the book provides unique access to the power and wisdom of the Naga Lords Naga Magick includes many Illustrations and an extensive Glossary *Feral Magick* Denny Sargent, 2025-07-07 Find and hone the innate feral spirit within and discover your own inner animal self Rewild yourself Return to an ancient deeper way of being Reconnect with the primordial animistic world of the spirits and the powers of nature that have been patiently waiting for you to return Once you become open to this reality the spirits of nature will welcome you bond with you and help you In *Feral Magick Unleash Your Inner Animal Self* author Denny Sargent gives readers the tools they need to locate and work with their inner animal as well as with sacred deities and personal animal spirits Through spells rituals and meditations as well as shapeshifting and trance states readers will learn how to tap into their natural instinct intuition and insight Practicing feral magick will lead you to form deeper intuitive bonds with your animal allies and to find the inherent power you already possess The operating principles of intuitive spiritual animistic practices will enable you to better acknowledge and engage with all sorts of woodland spirits and will remind you that you too are a spirit of nature *The Return of the Serpents of Wisdom* Mark Amaru Pinkham, 2011-03-10 According to ancient records the patriarchs and founders of the early civilizations in Egypt India China Peru Mesopotamia Britain and the Americas were colonized by the Serpents of Wisdom spiritual masters associated with the serpent who arrived in these lands after abandoning their beloved homelands and crossing great seas While bearing names denoting snake or dragon such as Naga Lung Djedhi Amaru Quetzalcoatl Adder etc these Serpents of Wisdom oversaw the construction of magnificent civilizations within which they and their descendants served as the priest kings and as the enlightened heads of mystery school traditions The Return of the Serpents of Wisdom recounts the history of these Serpents where they came from why

they came the secret wisdom they disseminated and why they are returning now

The Wisdom of the Serpent Joseph Lewis Henderson, Maud Oakes, 2020-07-21 The tribal initiation of the shaman the archetype of the serpent exemplifies the death of the self and a rebirth into transcendent life This book traces the images of spiritual initiation in religious rituals and myths of resurrection poems and epics cycles of nature and art and dreaming It dramatizes the metamorphosis from a common experience of death's inevitability into a transcendent freedom beyond individual limitations This is a classic work in analytical psychology that offers crucial insights on the meaning of death symbolism and its inevitably accompanying rebirth and resurrection symbolism as part of the great theme of initiation of which Henderson is the world's foremost psychological interpreter This material is really the next step after the hero myth that Joseph Campbell has made so popular and provides an understanding of how not to use the hero myth in an inflated way as a psychology of mastery but as an attainment progressively to be died beyond Henderson is helped by the presence of Maud Oakes who is a trained anthropologist with exquisite taste in her choice of mythic materials and respect for their original contexts John Beebe

Naga the Serpent : From Legend to Belief Assadech Techatpisit, 2025-10-29 From legend to belief the tale of the Naga brings forth miracles as if in a dream Mysteries and the Thai people have long walked side by side their faith enduring through time Introduction In this book the author retells ancient Naga legends in a more accessible conversational style while preserving the charm and beauty of the original language Difficult passages have been clarified and uncommon

words are explained in parentheses As these legends form the basis of Buddhist and Thai beliefs the author also shares personal experiences and notable places related to the Naga to pass on these meaningful stories to readers As for beliefs that may lead to superstition the author has offered some reflections as reminders which readers can apply in harmony with their own faith This book therefore serves as a record that tells all the stories for those interested in the Naga allowing them to deeply understand the essence of the legends and the devotion that gives rise to belief helping to resolve doubts or mysteries surrounding the Naga with complete clarity With this the author wishes to pass on positive energy to everyone and hopes you enjoy reading
