Lalitha Nursary College:

The Women of Totagadde Helen E. Ullrich, 2017-03-02 This book depicts one South Indian village during the fifty year period when women's education became a possibility and then a reality. Despite illiteracy, religious ritual marking them as inferior and pre-pubertal marriages, the daughters and granddaughters of the silent passive women of the 1960s have morphed into assertive self-confident millennial women. Helen E. Ullrich considers the following questions: can education alter the perception of women as inferior and forever childlike? What happens when women refuse the mantle of socialized passivity? Throughout *The Women of Totagadde*, Helen Ullrich pushes us to consider how women's lives and society at large have been altered through education.
