Whitley,2008 David Whitley's compelling study complicates our understanding of the classic Disney canon by focusing on the way images of the natural world are mediated within popular art for children He examines a range of Disney's feature animations from Snow White to Finding Nemo to show that even as the films communicate the central ideologies of their times they also express the ambiguities and tensions that underlie these dominant values *Videohound's Family Video Retriever* Martin Kohn,Visible Ink Press Staff,1996-09 Loads of listings indexes and categories for cross
