The authors do not have financial or other interests in the products or services discussed in this manuscript. They declare no competing financial interests.

The authors claim that a more holistic approach, one that views employees and customers from a more unified perspective, for instance, through workplace message management for a more unified customer service experience, may be the way to help the service-based business sector to achieve better performance. Further, they suggest that service-based businesses should focus on the customer's needs and desires, rather than on the company's profits.

CARE AND MAINTENANCE

To ensure that you receive treatment based on your own condition, it is very important to avoid taking any **herbal** supplements that may have a similar function to a medicine you are taking. For example, if you are taking a blood thinner, you should avoid taking any **herbal** supplements that may also have a blood thinning effect.

PRODUCT SAFETY

- **4 types of policy types** (see previous slide) and in all 40 points of practice
- **Strong control policies** come from **order** (strongly imposed)
- **Medium and low control** using **shared interests**
- **Weak control** using **shared interests** (voluntary from processes) (strong with the community)
