**Barack Hussein Obama's Presidency** Chuka Onwumechili, 2023-12-04 This book presents research based investigations of the

communicative aspects of Barack Obama's presidency with a focus on ethnicity, gender, and culture as they interact with communication. It examines Obama's rhetorical strengths that also inform his visual rhetorical control and looks beyond Obama's messaging to examine how the news framed his presidency. The book opens by exploring the racial rhetoric of humour applied by President Obama during his presidency. Chapters investigate topics such as Obama's use of visual rhetoric, how the media framed Obama using a racialized lens, and offer iconographical analysis of satires featured in *The New Yorker* that symbolized the politics of racial fear erupting prior to the start of Obama's presidency. They also examine how the White House used YouTube messaging to rebuild the first lady Michelle Obama's image in ways that became acceptable to a wider American public. Obama's rhetorical struggles to work within tensions created by the intersection of race and violence, and analyze President Obama's speeches at Tribal Nations Conferences. Barack Hussein Obama's Presidency will be a key resource for scholars and researchers of communication studies, political communication, media and cultural studies, race and ethnic studies, and political science, while also appealing to anyone interested in the communicative aspects of Obama's presidency and American politics. This book was originally published as a special issue of the *Howard Journal of Communications*.
