To whom it may concern

In order to fulfil a lifelong dream, I strongly desire to have the chance to complete my studies. I spent the last ten years working for the family wine company after my father died, I managed the workers and the pre-existing deals with clients around the globe. Nonetheless, to allow a constant development of the business, I felt the need to consolidate my knowledge in economy and management. I want to improve my management abilities and extend shape my communication skills.

The Point Park University thought me how important the personal experience of a professor is, with this approach you can dive through the troubles and face the troubleshooting. Nevertheless, Pittsburgh does not represent a dynamic bay for economics and business as New York embodies. NYC is arguably still the preeminent financial centre and unquestionably the global media capital. When a city is world headquarters for those two sectors of today's economy it can offer a wide view of the constant changes.

In particular the school of business at the Columbia University would be the perfect place to shape my mind as future leader of the Winesteeem *. The rich training plan offered may lead me to the deep understanding of business enigmas. Moreover, the personal view of such experienced professors would guide me in the assessment of scenarios usually missed by Point Park entrepreneurs.

I am confident I can face the challenging entourage of Columbia. I know I would grow at Columbia, more precisely the program in food business would converge with my academic interests. I am definitely confident that the completion of the studies in this environment with such specialized courses will made the Winesteeem * greater, opening to new employment and contributing to the economic growth.
