A **settlement** is a place where people permanently live. The first humans were **hunter-gatherers** and were always on the move, following their food. Once humans learned to **farm**, they began to build permanent settlements.

The **site** is the land a settlement is built on. The **surroundings** is the land surrounding the settlement.

There are **Physical reasons** for choosing the site and situation for a settlement.

- Good farmland = Growing crops
- Waterways = Building and firewood
- River water = Drinking and washing
- On flat land = Easy to build on
- On a hill = Protection
- On dry land = No flooding
- Roads = Road = Transport and Trade
- Water = Quarry = Stone for building
- South facing = Warmer in winter
- Near the sea = Ports for trade

Bristol's **industry** is changing. It is becoming a major **high tech city**.

It has the largest number of silicon chip manufacturers outside of California.

14 of the 15 biggest aerospace manufacturers are located in Bristol e.g. Airbus. This creates a range of highly skilled and well paid jobs for Bristol's people.

Most large settlements began to grow during the **industrial revolution**. They have similar features and grow and change in similar ways. This can be shown in a **land use model**.

**Re-development** is about improving run down or derelict areas of cities that are no longer used. This improves housing, leisure and job opportunities.

Bristol Harbourside has been re-developed from a run-down and derelict city part. It is now a mixture of modern flats, and places of leisure and entertainment. It has created many jobs and leisure opportunities for the people of Bristol. It has also kept and restored many old historic features and buildings, attracting **tourists**.

Clifton circus has been re-developed to a major new shopping area. It is under-used, pedestrianised and has many restaurants and a cinema to create a pleasant shopping experience. This attracts thousands of shoppers, and has created wealth for Bristol and jobs for thousands of local people.

The **Central Business District**, (CBD) The oldest part of the settlement but now re-developed. The most **accessible** part of the city. Shops, Offices, Civic buildings and business headquarters are found here.

The **inner city industry**, Built in the 18<sup>th</sup> century. Where factories were located in the industrial revolution. Now re-developed with small businesses, housing, train and bus stations. Some areas are still run down.

**Inner city housing**, Built in the 19<sup>th</sup> century. Lots of terraced housing, built for the poor workers in the old factories. Narrow roads as there were no cars. Many houses now demolished and replaced with blocks of flats. The poorest part of the city.

The **inner suburbs**, Built in the 1930's for a more wealthy population. Lots of semi-detached houses with gardens, garages, and more open space. Roads designed for cars so people now own them. Council estates are built to re-house the less wealthy workers from the old inner city.

The **outer suburbs**, The newest part of the city. Larger detached houses with lots of open space near the countryside. Built for wealthy commuters (people who drive to the city to work). Retail parks are also located here because space is available.

**Quality of life** describes the general well-being of individuals, communities and societies. Quality of life of people varies between different parts of a city due to many factors.

- Access to healthcare
- Quality of housing
- Access to leisure and recreation
- Levels of crime
- Educational opportunities and qualifications
- The quality of the environment
- Income of the people
- Access to jobs and employment
- Noise and traffic pollution
- Anti-social behaviour

People in places like Clifton often have a higher quality of life than people in places like Easton.

Cities have many **social and environmental** problems that need to be overcome.

**Traffic congestion** = Makes people late for work or appointments and costs businesses money through delayed deliveries. It also causes air pollution.

**Crime** = Makes people feel unsafe on the streets.

**Poverty** = Some families struggle to make ends meet and live in poor quality housing.

**Rising house prices** = Many young people can no longer afford to buy their first home.

**Homelessness** = Thousands of people live rough on the streets.

**Dereliction** = Some parts of cities may be polluted, run down and vandalised.

Sustainable cities try to solve city problems using a range of strategies. For example:

- Better public transport
- More green spaces
- Recycling schemes
- Cycle paths
- Building sustainable housing
- Using more renewable energy sources
- Re-developing run down areas

There are numerous websites and platforms where individuals can download March 2geography Paper Grade 1. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading March 2geography Paper Grade 1. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading March 2geography Paper Grade 1, users should also consider the potential

security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download March 2geography Paper Grade 1 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
