Students sharpen their analytical and creative critical thinking skills as they learn the key concepts and tools of marketing strategy. Continuing in the text's signature student-friendly style, the fifth edition covers essential points without getting bogged down in industry jargon, all in a succinct 12 chapters.

**Marketing Planning and Management** Alexander Chernev, A company's future hinges on its ability to develop successful market offerings that create superior value for target customers: the company and its collaborators. Market success is rarely an accident; it is typically a result of diligent market analysis, planning, and management. To succeed in the market, a company must have a viable business model and an action plan to make this model a reality. The key aspects of the process of marketing planning and management and the G-STIC framework for developing an action plan are the focus of this note. The discussion of marketing planning and management is complemented by an in-depth overview of three additional topics: developing a marketing plan, conducting a marketing audit, and the key project management frameworks. This note is an excerpt from Chapter 3 of *Strategic Marketing Management: Theory and Practice* by Alexander Chernev, Cerebellum Press, 2019.
