South Asia has had a tumultuous and varied experience with constitutional democracy that predates the recent rise in populism and its study in established democracies And yet this region has remained largely ignored by constitutional studies and democracy scholars This book addresses this gap and presents a contribution to the South Asia centric literature on the topic of the stability and resilience of constitutional democracies Chapters deal not only with relatively well known South Asian countries such as India Bangladesh Pakistan and Sri Lanka but also with countries often ignored by scholars such as Bhutan Nepal Maldives and Afghanistan The contributions consider the design and functioning of an array of institutions and actors including political parties legislatures the political executive the bureaucracy courts fourth branch guarantor institutions such as electoral commissions the people and the military to examine their roles in strengthening or undermining constitutional democracy across South Asia Each chapter offers a contextual and jurisdictionally tethered account of the causes behind the erosion of constitutional democracy and some examine the resilience of constitutional institutions against democratic erosion *Elektricheskie stant* , 2014 **American Art Directory 2007-2008** Marquis, 2006-12
