Jacques Lacan Et Le Sentiment Religieux:

Jacques Lacan et le sentiment religieux Pierre Daviot, 2006 Si la psychanalyse n'est pas une religion pourquoi en emprunte-t-elle si souvent le chemin Comment une pratique laïque et athée hâti re du débat des Lumières peut-elle espérer trouver des réponses ses propres questions dans les expériences subjectives qui ont guidé pour le meilleur et pour le pire les générations antérieures A quels risques s'exposent ceux qui croient se garder de la métaphysique en méconnaissance de cause sans s'apercevoir que l'émancipation de la psychanalyse de tout fondement religieux laisse le champ ouvert à sa contamination subreptice par des implications métaphysiques qui sont dans la nature même de l'esprit Lacan En quoi dans ce contexte l'enseignement de Lacan qui ne pouvait manquer de se trouver confronté au fait religieux peut-il réellement constituer une innovation Telles sont les lignes de force de cet ouvrage qui tente partir d'une présentation des écrits d'une relecture de la thèse de 1932 et des premiers articles sur la paranoïa de cerner de façon accessible au profane les principaux concepts inventés ou repris par Lacan En retrouvant leurs sources en restituant le contexte dont ils portent la marque et qu'ils ont leur tour influencé il replace le débat sur son véritable terrain celui d'une expérience commune de la souffrance placée sous le signe d'un désir en quête de l'objet de satisfaction Pages de début Avant propos I Présentation des écrits II L'hypothèse de la lettre volée III Du stade du miroir au grand autre IV L'apartenance aux romains V Une question de style VI L'objet VII Plaisir langage et réalité VIII Le jardin des délices Pages de fin

Embracing the Void Richard Boothby, 2022-11-15 A radical reinterpretation of the origin of religion through a psychoanalytic theorization of the unknown Renowned psychoanalytic philosopher Richard Boothby puts forward a novel theory of religion inspired by Jacques Lacan's theory of das Ding the disquieting inaccessible dimension of fellow human beings This notion of an unfathomable excess originally encountered in

the figure of the mother led Lacan to break with Freud's formulation of the Oedipus complex and underlies Lacan's distinctive conception of unconscious dynamics. Leaning on this account, Boothby shows how our sense of the sacred arises from our relation to what we do not know. Embracing the Void lays out the range of Freud's attempts at a psychoanalytic theory of religion and then sketches the rough contours of Lacan's contrasting approach. From there, Boothby offers the theoretical tools for interpreting the religious impulse and analyzes key religious traditions from ancient Greek polytheism to Judaism and Christianity and from Hinduism and Buddhism to Islam, finally turning to modern capitalist culture and the seductive deity that dominates it: money. Lucid, accessible, and compelling, the book provides a cogent intervention in one of the psychoanalytic tradition's most contentious topics and offers a new approach to our understanding of religion.

Enjoying What We Don't Have Todd McGowan, 2020-03-01. Although there have been many attempts to apply the ideas of psychoanalysis to political thought, this book is the first to identify the political project inherent in the fundamental tenets of psychoanalysis. And this political project, Todd McGowan contends, provides an avenue for emancipatory politics after the failure of Marxism in the twentieth century. Where others seeking the political import of psychoanalysis have looked to Freud's early work on sexuality, McGowan focuses on Freud's discovery of the death drive and Jacques Lacan's elaboration of this concept. He argues that the self-destruction occurring as a result of the death drive is the foundational act of emancipation around which we should construct our political philosophy. Psychoanalysis offers the possibility for thinking about emancipation not as an act of overcoming loss but as the embrace of loss. It is only through the embrace of loss, McGowan suggests, that we find the path to enjoyment, and enjoyment is the determinative factor in all political struggles and only in a political project that embraces the centrality of loss will we find a viable alternative to global capitalism. Louis Massignon et la mystique musulmane Florence Ollivry, 2023-08-21. *la faveur d'éléments historiques et biographiques* in dit cet ouvrage offre une analyse approfondie de l'œuvre consacrée par Louis Massignon 1883-1962 *la mystique musulmane*. Il souligne l'importance de certaines découvertes de l'islamologue pour les études islamiques concernant la période formative du soufisme. Plus encore, ce livre sonde le regard porté par Massignon sur les vocations mystiques en islam et examine la lumière des travaux récents sur sa vision de la sainteté et de la figure d'al-Jalil mort en 309/922. Par suite, ce travail fait merger la question de la posture du chercheur en sciences des religions ainsi que celle des précautions à adopter afin que sa subjectivité ne reconstruise pas le réel mais l'éclaire et le revivifie. This book provides an extensive analysis of the work of Louis Massignon 1883-1962 on Muslim mysticism based on previously unpublished historical and biographical elements. It highlights the importance for Islamic Studies of certain discoveries made by the Islamicist concerning the formative period of Sufism. More than that, this book probes Massignon's view of mystical vocations in Islam and examines in the light of recent work his vision of holiness and the figure of al-Jalil. This work opens more broadly the question of the posture of the researcher in the study of religion and the precautions to be adopted so that their subjectivity does not reconstruct reality but illuminates and
