Thinking Through the Test A Study Guide for the Florida College Basic Skills Exit Tests D. J. Henry, Mimi Markus, 2004-08-03     *Essentials of Sociology : a Down-to-earth Approach, Canadian Edition. Study Guide* James M. Henslin, Gwendolyn E. Nyden, Adie Nelson, 1997     *Reclaiming Class* Vivyan Adair, Sandra Dahlberg, 2003-04-25 *Reclaiming Class* offers essays written by women who changed their lives through the pathway of higher education. Collected they offer a powerful testimony of the importance of higher learning as well as a critique of the programs designed to alleviate poverty and educational disparity. The contributors explore the ideologies of welfare and American meritocracy that promise hope and autonomy on the one hand while also perpetuating economic obstacles and indebtedness on the other. Divided into the three sections *Reclaiming Class* assesses the psychological, familial and economic intersections of poverty and the educational process. In the first section women who left poverty through higher education recall their negotiating the paths of college life to show how their experiences reveal the hidden paradoxes of education. Section two presents first person narratives of students whose lives are shaped by their roles as poor mothers, guardian siblings and daughters as well as the ways that race interacts with their poverty. Chapters exploring financial aid and welfare policy, battery and abuse and the social constructions of the poor woman finish the book. Offering a comprehensive picture of how poor women access all levels of private and public institutions to achieve against great odds, *Reclaiming Class* shows the workings of higher learning from the vantage point of those most subject to the vicissitudes of policy and reform agendas.

**Working for Tolerance and Social Change Through Service Learning** Nicki Peter Petrikowski, 2014-12-15 Service learning is an interdisciplinary pedagogical tool that is becoming increasingly popular in schools. It involves students taking part in projects that are aimed at strengthening their communities and using tools to rigorously assess what they have learned from their experiences. This volume concentrates on service learning projects with the goal of increasing tolerance. The author offers a look at social movements that have made our society more tolerant over time. He explains how students can establish and develop service learning projects that address the persistent problem of intolerance and suggests which tools can best help them learn from their efforts.

Henslin, Shelly Dutchin, 2005-04 This student manual is for students who are using *Sociology A Down to Earth Approach* with the twenty-two video programs in the *Exploring Society* series from Dallas TeleLearning.
