## **Jacobs Room Illustrated English Edition:**

*Jacob's Room (English Edition) (Illustrated)* Virginia Woolf, 2019-11-20 *Jacob's Room* is the third novel by Virginia Woolf first published on 26 October 1922. The novel centres in a very ambiguous way around the life story of the protagonist Jacob Flanders and is presented almost entirely through the impressions other characters have of Jacob. Thus, although it could be said that the book is primarily a character study and has little in the way of plot or background, the narrative is constructed with a void in place of the central character; if indeed the novel can be said to have a protagonist in conventional terms. Motifs of emptiness and absence haunt the novel and establish its elegiac feel. Jacob is described to us but in such indirect terms that it would seem better to view him as an amalgam of the different perceptions of the characters and narrator. He does not exist as a concrete reality but rather as a collection of memories and sensations.

***Jacob's Room by Virginia Woolf: Annotated and Illustrated Edition*** Virginia Woolf, 2021-08-17 The novel jumps ahead to the year 1906 and Jacob's time at university. He attends the University of Cambridge and it is the first time he is living away from his family home. While at Cambridge, Jacob studies literature and meets some fellow students, Timothy Durrant and Richard Bonamy, who go on to become his friends. Although Jacob, Timothy, and Richard are all from relatively wealthy families, Jacob's upbringing seems to be much more rural than that of his friends. While on a vacation from school, Jacob and Timothy sail around the coast of Cornwall until they arrive at Timothy's hometown. There, Jacob meets Mrs Durrant and Timothy's sister Clara Durrant, both of whom seem to take an immediate liking to Jacob. After Jacob graduates from Cambridge, he decides not to return to Scarborough with his family but instead to move to London on his own. After arriving in London, Jacob seems rather listless, declining to pursue a steady profession or form of employment as he has no financial incentive to do so. He spends most of his time continuing his studies independently, reading and attending events in the city.
