*British Literature and Technology, 1600-1830* Kristin M. Girtten, Aaron R. Hanlon, 2023-01-13

Enlightenment era writers had not yet come to take technology for granted but nonetheless were as we are today both

attracted to and repelled by its potential This volume registers the deep history of such ambivalence examining technology s influence on Enlightenment British literature as well as the impact of literature on conceptions of attitudes toward and implementations of technology Offering a counterbalance to the abundance of studies on literature and science in seventeenth and eighteenth century Britain this volume s focus encompasses approaches to literary history that help us understand technologies like the steam engine and the telegraph along with representations of technology in literature such as the political machine Contributors ultimately show how literature across genres provided important sites for Enlightenment readers to recognize themselves as chimeras hybrids of machine and organism and to explore the modern self as a creature of social reality as well as a creature of fiction

Strobel,2023-11-30 The Art of Mary Linwood is the first book on Leicester textile artist Mary Linwood 1755 1845 and catalogue of her work When British textile artist and gallery owner Mary Linwood died in 1845 just shy of 90 years old her estate was worth the equivalent of 5 199 822 in today s currency As someone who made but did not sell embroidered replicas of famous artworks after artists such as Gainsborough Reynolds Stubbs and Morland how did she accumulate so much money A pioneering woman in the male dominated art world of late Georgian Britain Linwood established her own London gallery in 1798 that featured copies of well known paintings by these popular artists Featuring props and specially designed rooms for her replicas she ensured that her visitors had an entertaining educational and kinetic tour similar to what Madame Tussaud would do one generation later The gallery s focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion This book brings to the fore Linwood s gallery guides and previously unpublished letters to her contemporaries such as Birmingham inventor Matthew Boulton and Queen Charlotte It also includes the first and only catalogue of Linwood s extant and destroyed works By examining Linwood s replicas and their accompanying objects through the lens of material culture the book provides a much needed contribution to the scholarship on women and cultural agency in the early 19th century      **A Critical Dictionary of English Literature, and British and American**
