Jenna S Gang Of Deadheads World Of Deadheads 2:

Jenna's Gang of Deadheads Paul Atreides, 2017-02-17 Jenna's cold feet at her impending nuptials are only part of the problem. Ignoring all warnings about interfering with the living world, Jenna resumes her work with victims of abuse. If she can't convince the World Council of Keepers that killing a young man was an accident, she could end up deadlier than dead. With the help of Deadheads, old and new, a plan is hatched to defend her actions. Will Jenna survive and marry Marvin, or will the council halt her deadlier in her tracks?

Street Style in America Jennifer Grayer Moore, 2017-08-18 A comprehensive resource that will prove invaluable to fashion historians, this book presents a detailed exploration of the breadth of visually arresting, consumer-driven styles that have emerged in America since the 20th century. What are the origins of highly specific denim fashions such as bell bottoms, skinny jeans, and ripped jeans? How do mass media and popular culture influence today's street fashion? When did American fashion sensibilities shift from conformity as an ideal to youth-oriented standards where clothing could boldly express independence and self-expression? *Street Style in America: An Exploration* addresses questions like these and many others related to the historical and sociocultural context of street style, supplying both A-Z entries that document specific American street styles and illustrations with accompanying commentary. This book provides a detailed analysis of American street and subcultural styles from the earliest example reaching back to the early 20th century to contemporary times. It reviews all aspects of dress that were part of a look, considering variations over time and connecting these innovations to fashionable dress practices that emerged in the wake of sartorial rebellions. The text presents detailed examinations of specific dress styles and also interrogates the manifold meanings of dress practices that break from the mainstream. This book is a comprehensive resource that will prove invaluable to fashion historians and provide fascinating reading for students and general audiences.
