Liquid Vitality Chef Gio Angelo, 2014-11-21 A Proven Step By Step System To Creating tasty nutritious vitamin water recipes at Home The ONLY Kindle Publishing Complete Course Book Backed by Lifetime Support Money Back Guarantee Here Is A Preview Of What You ll Learn In the world of health and wellness there is definitely a general consensus that water is the best thing that your body needs On average you need about 13 cups of water a day to stay healthy and water is one of the best things that your body needs in order to have a healthy and happy life However there are a couple of problems that arise from water and it can be a big problem There are also some things about water that people don t like but there is a solution to that and that s vitamin water The main problem with some people is that normal water tastes bland and boring Some people can t stand it and they don t know what to do about it Water is natural but it s tasteless and although you might like it when you re thirsty you won t want to drink it when you don t have to and for some people it doesn t go great with their own personal tastes either That s why vitamin waters are great for a person for they allow you to hydrate while still tasting amazing and natural for the body Some people may go to the simple solution for the problem of water tasting bland and that s by going to the store and getting some vitamin water or even some of those natural waters you have to pay like 3 dollars a bottle for at Trader Joe s The problem with those is for one they re expensive and for the commercial Vitamin Water it s actually worse than that It contains artificial dyes and preservatives which already creates problems chemically in the body If you re going for a natural body that doesn t have all the chemicals in there you won t want to drink that stuff Secondly vitamin water may taste good but it doesn t have as many vitamins as other natural waters do that you can make yourself Not to mention if you re drinking five bottles of vitamin water at a dollar apiece that s about five dollars a day and 35 a week That leads to about 140 a month and over 1600 dollars each year spent on something you could get naturally for a whole lot cheaper In addition they don t taste as good and they re not as healthy for you as normal water Normal water is great for you but the problem is you might need more vitamins Water absorbs some of the key vitamins like vitamin C which are water soluble They flush out when you urinate and then you re going to need more vitamin C and other such vitamins You also need those in daily affairs so that you re able to have a healthy and functioning body Normal water is great but you need the vitamins as well and that s where natural vitamin waters come into the picture as a solution to this and why many companies support the use of natural vitamin water for hydration Natural vitamin water is literally various fruits and herbs put into a jar and then water put in there It s flavored water but flavored in the most natural way possible Order Your tasty nutritious vitamin water recipes guide right now Simply click the buy button on this page and you ll easily be able to read this book from your computer Kindle device tablet or smart phone [Mediterranean Diet Made Simple for Seniors: Easy, Science-Backed Recipes for Healthy Aging, Weight Control & Longevity - A Complete Guide to Delicious, Nutritious Meals](#) Beckett Riley Montgomery ,2025-07-07 Eat Well Live Well A Healthier Happier You in Your Golden Years Ready to enjoy
