## June 2015 For Gce Cameroon:

Education in West Africa Emefa Takyi-Amoako, 2015-05-21 Education in West Africa is a comprehensive critical reference guide to education in the region. Written by regional experts, the book explores the education systems of Benin, Burkina Faso, Cameroon, Cape Verde, Chad, The Gambia, Ghana, Guinea, Guinea-Bissau, Ivory Coast, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone, and Togo. It critically examines the development of education provision in each country whilst exploring both local and global contexts. Including a comparative introduction to the issues facing education in the region as a whole, this handbook is an essential reference for researchers, scholars, international agencies, and policy makers at all levels.

Vakunta: Dissent: The Highest Stage of Patriotism, 2023-06-27 Dissent: The Highest Stage of Patriotism is a treatise on dissent as the acme of love for one's fatherland. Arguing against the grain, the author avoids smug patriotism that which manages to make everything about the homeland flawless and beautiful. It is the author's conviction that the greatness of a nation resides not in citizens' blind sycophancy but rather in their willingness to call into question dereliction of duty by political leadership. The goal of this book is to educate global citizens on the quintessence of political vigilance. Yearbook of International Organizations 2014-2015, Volumes 1a & 1b (Set) Union of International Associations, 2014-06-16 Volume 1 A and B covers international organizations throughout the world, comprising their aims, activities, and events. The Cameroon GCE Crisis Francis B. Nyamnjoh, Richard Fonteh Akum, 2008 This book documents the battles fought by the Anglophone community in Cameroon to safeguard the General Certificate of Education (GCE), a symbol of their cherished colonial heritage, from Britain from attempts by agents of the Ministry of National Education to subvert it. These battles opposed a mobilised and determined Anglophone civil society against numerous machinations by successive Francophone-dominated governments to destroy their much-prided educational system in the name of national integration. When Southern Cameroonians re-united with La République du Cameroun in 1961, they claimed that they were bringing into the union a fine education system from which their Francophone compatriots could borrow. Instead, they found themselves battling for decades to save their way of life. Central to their concerns and survival as a community is an urgent need for cultural recognition and representation of which an educational system free of corruption and trivialisation through politicisation is a key component.
