W. Martin James

Memo Of Tourism Grade 10 For November 2014:

Presidential Leadership and National Security Richard S. Conley, 2017-10-31 This book assesses the foreign policy legacy of the Obama administration through the lens of national security and leadership. Timely accessible chapters authored by leading scholars of presidential and international politics cover White House Cabinet relations, Congress, and War Powers challenges including the Iran nuclear deal, ISIS, and the closing of Guantanamo Bay. Drone strikes, the New Cold War with Russia, and the ways in which the Obama foreign policy legacy shaped the 2016 presidential election. In particular, the book explores the philosophical basis of counter terrorism strategy in the Obama administration and traces how precepts differed from the administration of George W. Bush. More generally, the book contributes to an understanding of the distinctive interplay between the formal constitutional powers of the president and the use of informal executive powers in the quest for peace and security. Finally, the book surveys the challenges that Donald J. Trump faces in the transition to the new presidential administration.

Historical Dictionary of Angola W. Martin James, 2018-03-01 Angola, slowly recovering from a twenty seven year civil war, is becoming a regional super power in southern Africa. This rise can be attributed to oil, diamonds, a battle tested armed forces, and a political system that is dominated by one party, the Movimento Popular de Libertação de Angola, the Popular Movement for the Liberation of Angola (MPLA). Problems remain to be solved. The vast wealth is in the control of the elite, while the vast majority of the people live on less than two dollars per day. Corruption is rife, the health and education system in shambles, landmines remain a festering problem, and the opposition is intimidated and split into various factions. President Eduardo dos Santos, who has ruled Angola for almost thirty eight years, has opted not to run for re election in the August 2017 elections. Instead, his hand picked successor, João Lourenço, was elected president. Interestingly, dos Santos has not surrendered his presidency of the party. This third edition of Historical Dictionary of Angola contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 700 cross referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Angola.
