Ulrich's International Periodicals Directory Carolyn Farquhar Ulrich, 2001 *The Assignment of Contractual Rights* Gregory J. Tolhurst, 2016-06-16 This book explains the existence meaning and application of the rules governing the assignment of contractual rights The second edition is updated and retains the structure of the first edition focusing on what is meant by assignment the distinction between legal and equitable assignments how an assignable contractual right is

identified what formalities apply to assignment and what rights and remedies are available to the parties to an assignment In reviewing the first edition The Hon JD Heydon said it is essential reading for teachers especially those who teach contract equity and personal property Above all it should always be consulted read carefully slowly and repeatedly by any practitioner facing an assignment problem It is not only the best book ever written on its subject but among the best monographs dealing with legal doctrine published in recent years 2008 30 Sydney Law Review 169
