How Just One Spouse Can Improve Their Marriage Dr. Mark Avery Reed,2025-01-02 A hopeless spouse doesn t mean a hopeless marriage Have you ever felt hopeless about your marriage improving because it seems that your spouse is unwilling to change You don t think your marriage can get better because you believe your spouse is hopelessly unwilling to change and you assume that their changing is necessary for marital improvement to begin That assumption is wrong Seemingly stubborn resistance to change can be overcome However it needs to start with us not with our spouse This book provides many ways we can act differently to increase the chances our marriage will eventually get better These are changes we can make that will cause us to be much more attractive to a normal spouse and in time is likely to soften them so they do end up changing We are not manipulating them to change but making improvements in ourself and in how we interact with our spouse As a result our interactions with them are different better The changes recommended in this book are not complicated or too difficult for a normal person to do In addition they don t all have to be done at the same time You could choose the approach that is doable for you then add in others later A few of these include acting like a better friend to your spouse improving your manners with them and or frequently expressing gratitude to them Improve your marriage by improving yourself
