Jvc Dv5000 Manual:

Video Shooter Barry Braverman, 2013-02-11 Video Shooter is a guide to both the mechanics of the video camera and the craft of shooting. Written by a veteran in the industry and utilizing an engaging conversational style including illustrative anecdotes from the author's many years of experience, the book takes the reader beyond button pushing to teach the complete range of skills required to capture compelling images. Topics include equipment selection, camera setup and operation, shooting techniques, and working with lighting and audio. Although the techniques illustrated in Video Shooter are appropriate for users of a wide range of camera models, the book focuses on the most popular 3 CCD DV and HDV cameras. A chapter on issues and techniques relating to DVD output makes the book especially suitable for industrial, educational, and government video producers. The book also features a companion DVD with tutorials, footage demonstrating storytelling techniques, and technical matter such as a comparison of various filters.

The Power Filmmaking Kit Jason Tomaric, 2013-04-26 Think big, spend little. Everything you need to make your movie is in this complete resource kit. The Power Filmmaking Kit is a comprehensive multimedia book and DVD package that empowers you to produce your own Hollywood quality movie. Emmy award winning director Jason Tomaric produced an independent film using only local resources for under 2,000 that not only got picked up for distribution but is also used as a case study in top film schools. This book shows you how to do the same regardless of your budget or location. You'll learn how to achieve professional quality on a microbudget using the resources you have at hand. The book includes coverage of the entire filmmaking process. It's all here from writing, directing, and cinematography to acting, editing, and distribution. Step by step instructions, tips, diagrams, charts, and illustrations for how you can make a Hollywood caliber movie on a next to nothing budget with little upfront money and access only to local resources. The DVD includes Time and Again, the profitable award winning internationally distributed independent film made for under 2,000. One hour of video tutorials unveiling how the movie was made, interviews and behind the scenes case studies on directing, production, and editing. Complete rough footage from a scene for editing practice. Forms, contracts, and more resources. The Producer's Notebook includes scripts, storyboards, schedules, call sheets, contracts, letters from the producer, camera logs, and press kits from Time and Again. See how the production was scheduled and organized, read the script, follow the storyboards, and watch the production unfold from beginning to end. Blank contracts and forms that you can print out to use on your own film.
