Mejejahitan dan metanding Niken Tambang Raras, 2007 **Tradisi Cinandi di Banyuwangi** Dr. Poniman, S.Ag., M.Fil.H., 2020-10-12 Hingga saat ini di Banyuwangi kelangsungan tradisi pemujaan leluhurnya mengalami berbagai perubahan. Perubahan itu terjadi seiring dengan peningkatan pemahaman terhadap perilaku keagamaan dan tingkat pengetahuan umat. Jika di Bali terdapat upacara Nglinggihang Dewa Hyang yang kemudian prosesinya berakhir dengan menstanakan leluhurnya pada kamulan atau rong telu maka di Banyuwangi terdapat pula upacara sejenis namun leluhurnya distanakan pada bangunan candi.

Cultural Design: Studi Banding Kritis dari Bali untuk Proyeksi Masa Depan Dayak Michael Sega Gumelar, M.S. Gumelar, Cultural is a construction runs on an ongoing basis from a bad to a better direction from and for humans in an environment to achieve prosperity, happiness and peace of all people in an area. Clash of cultural is a necessity that is inevitable in the era of information and globalization. There is a strong cultural dominance in globalization to imply a false consciousness to the younger generation and its hegemonic. Even some people being hegemony information slaves. Hegeformaslaves by cultural and sadly they do not even realise it. There is cultural resistance, adaptation and acculturation occur. When thinking about the need for a strong cultural identity, the need for redigging, reshaping and finding again the ancestral identity to be used as construction of new cultural identities as a unifying with the goal of unity, prosperity, happiness and peace in a community. This globalization era required a local merger with global thought that does not cancel

each other out but belongs together and completes it Thinking local go global results in a mix of local and global Locglo Instead of thinking global local Glocal global tends to intimidate and repress local in the sense that the main priority is global and not local Locglo is thought that promotes local equivalent to the global Dayak in the need of reconstructing a better cultural identity requires comparative studies with people on the island of Bali that measures future construction design thinking this culture can be projected and used as a cultural construction for the Dayak s new better culture based on humanity and speciesity in achieving the noble values of the ancestors of togetherness welfare and peace for Dayak locally and globally M S Gumelar Instagram bubblegumelar Twitter MSGumelar Bubblegumelar
