Di Leo, Sophia A.

McClennen, 2023-08-23 The alt right movement in the United States has actively been endorsing the use of left theory to

achieve its ends and with varying degrees of success Tracing occasions where figures on the alt right reference left theory this volume asks if the alt right's reference of left theory is just bad reading or are there troubling ways that certain types of left theory encourage such interpretations What if the connections between left theory and the alt right lie in the shared disdain for certain types of institutions structures of power and the status quo Are there lessons to be learned in what can often appear as an overlapping desire to deconstruct concepts like truth justice freedom and democracy Drawing on the longer history of right wing readings of left theory this volume seeks to unpack these recent developments and consider their impact on the future of theory

weaponizes memes pushing conspiracy theories and disinformation into the mainstream to drag people down the rabbit hole These meme wars stir strong emotions deepen partisanship and get people off their keyboards and into the streets and the steps of the US Capitol Meme Wars is the first major account of how Stop the Steal went from online to real life from the wires to the weeds Leading media expert Joan Donovan PhD veteran tech journalist Emily Dreyfuss and cultural ethnographer Brian Friedberg pull back the curtain on the digital war rooms in which a vast collection of antiesablistmentarians bond over hatred of liberal government and media Together as a motley reactionary army they use memes and social media to seek out new recruits spread ideologies and remake America according to their desires A political thriller with the substance of a rigorous history Meme Wars is the astonishing story of how extremists are yanking our culture and politics to the right And it s a warning that if we fail to recognize these powerful undercurrents the great meme war for the soul of America will soon be won
