Thanatourism and Cinematic Representations of Risk Rodanthi Tzanelli, 2016-04-14 In today's world the need to eliminate natural and human made disasters has been at the forefront of national and international socio political agendas The management of risks such as terrorism labour strikes protests and environmental degradation has become pivotal for countries that depend on their economy's tourist sector Indeed there is fear that the end of tourism might be nigh due to inadequate institutional foresight Yet in designing relevant policies to tackle this arts such as that of filmmaking have yet to receive due consideration This book adopts an unorthodox approach to debates about the end of tourism Through twenty first century cinematic narratives of symbolically interconnected risks it considers how art envisages the future of humanity's well being These risks include migration as an infectious disease alien incursions as racialized labour mobilities cyborg rebellion as the fear of post colonial otherness and zombie anthropophagy as the replacement of rooted identities by nomadic lifestyles Such filmic scenarios articulate the futuristic survival of community as the triumph of the technological human over otherness and provide a means to debate societal risks that weave identity politics into unequal mobilities This book will appeal to researchers and students interested in mobilities theory tourism and travel theory film studies and aesthetics globalisation studies race labour and migration

Strategic Environmental Assessment and Urban Planning Giovanni Campeol, 2020-07-06 This volume gathers a selection of research contributions on Strategic Environmental Assessment SEA including theoretical and methodological studies and real world case studies It sheds new light on the respective steps in the procedure defined in the SEA Directive from theoretical and operational standpoints intended to enhance the sustainability of plans and programmes adopted by local regional and national authorities Improving the

legitimacy and transparency of decision making in the field of environmental management was one of the goals that led the European Commission EU to adopt Directive 2001/42/EC on the assessment of environmental programme effects. This book provides a multidisciplinary approach to SEA and addresses the demand for policies and strategies to strengthen resilience through concrete measures to reduce energy consumption, mitigate pollution, promote social inclusion and create urban identity.

Yearbook of International Organizations 2014-2015 (Volume 3) Union of International Associations, Union of International Associations, 2014-08-20. The Yearbook of International Organizations provides the most extensive coverage of non-profit international organizations currently available. Detailed profiles of international non-governmental and intergovernmental organizations (IGO) collected and documented by the Union of International Associations can be found here. In addition to the history, aims and activities of international organizations with their events, publications and contact details, the volumes of the Yearbook include networks between associations, biographies of key people involved and extensive statistical data. Volume 3 allows readers to locate organizations by subjects or by fields of activity and specialization and includes an index to Volumes 1 through 3.

Performing Flight Scott Magelssen, 2020-01-01. Performing Flight sheds new light on moments in the history of US aviation and spaceflight through the lens of performance studies. From pioneering aviator Bessie Coleman to the emerging industry of space tourism, performance has consistently shaped public perception of the enterprise of flight and has guaranteed its success as a mode of entertainment, travel, research and warfare. The book reveals fundamental connections between performance and human aviation and space travel over the past 100 years, beginning with the early aerial entertainers known as barnstormers named after itinerant 19th-century theater troupes to the performative history of the Enola Gay and its pilot Paul Tibbets who dropped the bomb on Hiroshima, thus ushering in the atomic age. The book also explores the phenomenon of the pilot voice, the creation of the American Astronaut on whose performative success the Cold War, the Space Race and funding of the US Space Program all depended, and the performative strategies employed to cement notions of space tourism as both manifest destiny and an escape route from a failed planet. A final chapter addresses the four hijacked flights of 9/11 and their representations in discourse and in memorials. Performing Flight effectively and imaginatively demonstrates the ways in which performance and flight in the United States have been inextricably linked for more than a century.

The Gateway to the Pacific Meredith Oda, 2019-01-03. In the decades following World War II, municipal leaders and ordinary citizens embraced San Francisco's identity as the Gateway to the Pacific, using it to reimagine and rebuild the city. The city became a cosmopolitan center on account of its newfound celebration of its Japanese and other Asian American residents, its economy linked with Asia and its favorable location for transpacific partnerships. The most conspicuous testament to San Francisco's postwar transpacific connections is the Japanese Cultural and Trade Center in the city's redeveloped Japanese American enclave. Focusing on the development of the Center, Meredith Oda shows how this multilayered story was embedded within a larger story of the changing institutions and

ideas that were shaping the city During these formative decades Oda argues San Francisco's relations with and ideas about Japan were being forged within the intimate local sites of civic and community life This shift took many forms including changes in city leadership new municipal institutions and especially transformations in the built environment Newly friendly relations between Japan and the United States also meant that Japanese Americans found fresh if highly constrained job and community prospects just as the city's African Americans struggled against rising barriers San Francisco's story is an inherently local one but it also a broader story of a city collectively if not cooperatively reimagining its place in a global economy
