Kenya PK Mbote, M Akech, 2011 The premise of this report is based on Kenya's policy blueprint Vision 2030 which places rule of law at the center of its goals. It was commenced at the same time as the nation was recuperating from the post election poll which resulted in many Kenyans expressing disappointment at the nation's democratic institutions. The study produced by AfriMAP and the Open Society Initiative for Eastern Africa examines and makes recommendations for the following topics: justice sector and rule of law, legal and institutional framework, government track record in respect to rule of law, management of the justice system, independence of the bench and bar, criminal justice access to justice and the role of donor agencies.

Psychiatry in Prisons Ian Cumming, Simon Wilson, 2009-10-15 Psychiatry in Prisons provides a comprehensive overview of the history, problems and development of psychiatric health care in prisons. It tackles a broad range of issues from familiar mental health issues such as substance misuse, self injury and health screening to complex legal, moral and philosophical dilemmas.

Governing Gifts Erica Caple James, 2019-04-15 This collection investigates the intersections between faith based charity and secular statecraft. The contributors trace the connections among piety, philanthropy, policy and policing. Rather than attempt to delimit what constitutes so called faith based aid and institutions or to reify the concept of the state, they seek to understand how faith and organized religious charity can be mobilized at times on behalf of the state to govern populations and their practices. In exploring the relationship between faith based charity and the state, this volume contributes to discussions of the boundaries between public and private realms and to studies on the resurgence of religion in politics and public policy. The contributors demonstrate how the borders between faith based and secular domains of governance cannot be clearly defined. Ultimately, the book aims to expand the parameters of what has typically been a US centric discussion of faith based interventions as it explores the concepts of faith, charity, security and governance within a global perspective.

Diet of Worms Cheptepkeny Korir, 2011-12-29 Prison reformation has been a controversial and politically charged issue in Kenya. In the past, it has elicited such legendary and emotional responses as 'What reforms? Prisons are not supposed to be five star hotels.' Recently, however, there has been a greater consensus between the public sector and the civic society in Kenya than has ever in the past of the need to revisit the human rights of inmates in various Kenyan prisons. Since 2003, a number of ground breaking reforms have been introduced in Kenyan prisons and more reforms seem to be on the way. Jacqueline Korir in this book takes a serious and dispassionate look into a single variable: the quality of catering in Kenyan prisons. Her findings were both shocking and challenging. The food was lacking in

both nutritive value as well aesthetic appeal The site of food samples was only reminiscent of a grotesque meaning of the famous Council in Church History The Diet of Worms This book grounded in empirical data analysis by hard statistics and backed by rare photographs from inside Kenyan prisons serves as an eye opener to both the prison reformists as well as students and teachers of African sociology and institutional catering all over the world **Impact** ,2008 *The Higher Education Institutions Handbook* ,2012 **Resource Material Series** ,2012 **Tell** ,2009 **Dod's Parliamentary Companion** ,2001 **The Times Index** ,2006 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement **Vacher's Parliamentary Companion** ,2000 **Narok North** Kenya.
