ministerial in the one priesthood of Christ is fundamental for renewing the mission of the Church in the spirit of openness and dialogue of the Second Vatican Council This perspective is also pertinent for the promotion and communication of all vocations especially that of women whose charisms are yet to be fully recognized and integrated in their rightful place within the life of the Church Finally and no less important this reflection offers synodal practice a solid theological foundation for making the participation of the faithful dynamic which must not only correct the limitations and defects of the exercise of the ordained ministry but also actively and permanently exercise the gifts and charisms that the Holy Spirit has poured out on all baptized people
