Intellectual Property Law in Kenya Isaac Rutenberg, Marisella Ouma, Peter Munyi, 2019-11-22 Derived from the renowned multi volume International Encyclopaedia of Laws this monograph provides a survey and analysis of the rules concerning intellectual property rights in Kenya It covers every type of intellectual property right in depth copyright and neighbouring rights patents utility models trademarks trade names industrial designs plant variety protection chip protection trade secrets and confidential information Particular attention is paid throughout to recent developments and trends The analysis approaches each right in terms of its sources in law and in legislation and proceeds to such legal issues as subject matter of protection conditions of protection ownership transfer of rights licences scope of exclusive rights limitations exemptions duration of protection infringement available remedies and overlapping with other intellectual property rights The book provides a clear overview of intellectual property legislation and policy and at the same time offers practical guidance on which sound preliminary decisions may be based Lawyers representing parties with interests in Kenya will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative intellectual property law *Impact of Global University Ranking Systems on Developing Countries* Onyancha, Omwoyo Bosire, Tella, Adeyinka, 2023-06-01 The emotive discourses on the subject of university rankings are directly linked to the effect of such rankings on the performance of universities throughout the world It has been observed that the top ranked universities attract major financial commitments from the industry the best students quality researchers and a wide range of other quality endowments such as equipment libraries and laboratories It is not surprising that the ranking of universities has gained popularity and become a significant factor shaping not only the reputation of universities but also the performance of said institutions around the world including the developing countries *Impact of Global University Ranking Systems on Developing Countries* presents a collection of perspectives from scholars and other stakeholders on the impact of the global ranking systems on developing countries The book is an additional resource for discussion and discourse as far as the global university ranking systems are concerned and opens new frontiers for further research Covering key topics such as assessment ethics and academic freedom this premier reference source is ideal for administrators policymakers researchers scholars academicians practitioners instructors and students **Post-Humanitarianism** Mark Duffield, 2018-12-28 The world has entered an unprecedented period of uncertainty and political instability Faced with the challenge of knowing and acting within such a world the spread of computers and connectivity and the arrival of new digital sense making tools are widely celebrated as helpful But is this really the case or have we lost more than gained in the digital revolution In *Post Humanitarianism* renowned scholar of development security and global governance Mark Duffield offers an alternative interpretation He contends that connectivity embodies new forms of behavioural incorporation cognitive subordination and automated management that are themselves inseparable from the emergence of precarity as a global

phenomenon Rather than protect against disasters we are encouraged to accept them as necessary for strengthening resilience At a time of permanent emergency humanitarian disasters function as sites for trialling and anticipating the modes of social automation and remote management necessary to govern the precarity that increasingly embraces us all Post Humanitarianism critically explores how increasing connectivity is inseparable from growing societal polarization anger and political push back It will be essential reading for students of international and social critique together with anyone concerned about our deepening alienation from the world

A Lot of People Are Saying Nancy L. Rosenblum, Russell Muirhead, 2020-02-18 How the new conspiracists are undermining democracy and what can be done about it Conspiracy theories are as old as politics But conspiracists today have introduced something new conspiracy without theory And the new conspiracism has moved from the fringes to the heart of government with the election of Donald Trump In A Lot of People Are Saying Russell Muirhead and Nancy Rosenblum show how the new conspiracism differs from classic conspiracy theory how it undermines democracy and what needs to be done to resist it
