**Iris Murdoch's Practical Metaphysics** Lesley Jamieson, 2023-07-29 This book explores Iris Murdoch as a philosopher who through her distinctive methodology exploits the advantages of having a mind on the borders of literature and politics in her early career writings pre *The Sovereignty of Good* By focusing on a single decade of Murdoch's early career Jamieson tracks connections between her views on the state of literature and politics in postwar Britain and her approach to the philosophy of mind and moral philosophy Furthermore this close study reveals that far from a stylistic quirk Murdoch's use of metaphors analogies and other literary devices is internal to her methodology Finally rather than asking what Murdoch's views are this work will ask what is Murdoch trying to achieve with her writings and public lectures and how does she go about this By answering the latter question we will have a new strategy for interpreting her writings more generally The book contributes to the growing body of scholarship focusing on Iris Murdoch's philosophical writings and on women in the history of analytic philosophy [Dictionary Catalog of the Music Collection](#) New York Public Library.
