Life Begins at 60 Frieda Birnbaum,2016-05-31 Dr Frieda Birnbaum made headlines eight years ago when she gave birth to twin boys at the age of sixty And despite being a psychotherapist who had counseled other mothers for decades Birnbaum secretly wondered What have I gotten myself into Can I keep up It turned out she could and then some Like so many people who take on new things at age sixty and older Birnbaum discovered a new lease on life She felt more energized than ever on most days anyway to run after twins Josh and Jaret She parlayed the fame into TV and radio appearances commenting on subjects from Bill Cosby to Hillary Clinton Her psychotherapy practice flourished And as she reinvigorated her career her relationships with her family including her husband of more than forty years grew even stronger To be incredible mothers and partners Birnbaum believes women must be fulfilled and challenged as people first The secret she discovered was to welcome growing older rather than fear it This captivating and inspiring memoir is complemented with practical advice for a positive outlook and staying active while aging As Birnbaum reveals it s possible even easy to look and feel fabulous and glamorous in our sixties and well beyond

A Unified Theory of Justice and Crime Michael J. DeValve,Tammy S. Garland,Elizabeth Q. Wright,2018-09-15 Despite great effort and some improvements criminal justice today still seems like an oxymoron There are some very good reasons for this feeling catastrophic failures abound and marginal improvements appear revolutionary This book addresses the idea of justice in order to guide society toward a more effective justice system Specifically the authors argue that justice and love are one and the same thing They trace impoverished and accomplished thinking in criminological and justice discourses and show that the historic ills that have plagued humanity tend to evaporate when justice and love are understood to be synonyms

Women Waking Up Wendy Valentine,2025-09-09 What

if midlife isn't a crisis but a wake up call In *Women Waking Up* Wendy Valentine doesn't just challenge the outdated narrative of decline and invisibility at midlife she blows it up and replaces it with a bold badass manifesto for reinvention With raw honesty a wicked sense of humor and hard won wisdom Wendy invites women everywhere to toss aside society's limiting scripts and step into the most powerful playful and purposeful chapter of their lives Whether you're feeling stuck burned out or simply wondering Is this all there is this book is your call to action and your roadmap forward Drawing from her own dramatic transformation from broke sick and newly divorced to thriving entrepreneur and podcast host Wendy walks you through her groundbreaking FREEDOM method a seven step process to Free Yourself from outdated beliefs and self sabotage Reset Your Life by clearing emotional and physical clutter Envision a New Future filled with vitality confidence and joy Embrace and Explore your passions creativity and potential Detach from Tomorrow and start living in the now Own Your Badass Self with unshakable boundaries and self worth Master Yourself to stay grounded through life's inevitable ups and downs You'll uncover your signature superpowers through her Spectacular Six Superhero Quiz create a customized Wheel of Midlife to prioritize what matters most and craft your personal Midlife Mantra to keep you focused and fired up This isn't just a book it's a midlife revolution in motion With guided exercises real life tools and soul stirring meditations *Women Waking Up* will become your personal coach cheerleader and soul sister It's a hands on journey of reflection reinvention and reawakening that helps you not just read about change but live it Wendy's message is clear You are not too old and it's not too late The second half of your life isn't about fading it's about rising If you're ready to stop sleepwalking through midlife and start living with soul *Women Waking Up* is the no nonsense deeply empowering guidebook you've been waiting for Ideal for fans of *Untamed* *The Wisdom of Menopause* and *Warrior Goddess Training* *Unfairly Labeled* Jessica Kriegel, 2016-02-29 A blueprint for managing people not generations *Unfairly Labeled* challenges the very concept of generational differences as an unfair generalization and offers a roadmap to intergenerational understanding While acknowledging that generational stereotypes exist author Jessica Kriegel argues that they are wrong and that it's unreasonable to assume that the millions of people born in the same 20 year time span are motivated by the same things attracted to the same things and should be dealt with in the same way Kriegel's experience as Organizational Developer at Oracle puts her squarely in the talent strategy realm where she works to optimize leadership development team effectiveness and organizational design Drawing upon her experiences with workers of all ages and types she shows how behaviors know no generational boundaries and how to work with people based on their talents strengths and weaknesses rather than simply slapping on a generational label and fitting them into an arbitrary slot There are 80 million Millennials in America yet there are myriad books on managing Millennials and working with Millennials and the problem with Millennials This book shows that whether you're working with Millennials Generation X or Baby Boomers age is not the issue it's the interpersonal dynamics that matter most Examine the concept of generational issues Explore the disparate reality of each 20 year generational span

Learn to understand and work effectively with other generations Facilitate intergenerational understanding sessions The human mind craves categorization so the tendency to lump people together is natural It may however be holding your organization back The members of each generation have only one thing in common their age and even that varies by two whole decades Why assume that they should all be managed the same way Unfairly Labeled shows you a better way and provides a roadmap to a more effective organizational strategy *Conservation of Marine Birds* Lindsay Young, Eric VanderWerf, 2022-09-27 *Conservation of Marine Birds* is the first book to outline and synthesize the myriad of threats faced by one of the most imperiled groups of birds on earth With more than half of all 346 seabird species worldwide experiencing population declines and 29% of species recognized as globally threatened by the International Union for Conservation of Nature the timing to determine solutions to threats could not be more urgent Written by a diverse team of international experts on marine birds this book explores the environmental and biogeographical factors that influence seabird conservation and provides concrete recommendations for mounting climate change issues This book will be an important resource for researchers and conservationists as well as ecologists and students who want to understand seabirds the threats they are facing and tactics to help conserve and protect them Outlines both threats and solutions in the marine and terrestrial realm Synthesizes information to provide a comprehensive strategy moving forward especially considering climate change Created by a team of experts with the latest and most comprehensive knowledge of seabird conservation
