legendary Japanese director Akira Kurosawa are set in the past but they tell us much about the present as do his crime
stories romances military films medical dramas and art films His movies are beloved for their timeless protagonists and
haunting vistas of old Japan but we haven t yet fully grasped everything they can teach us about modern Japan Kurosawa s
films evolved as Japan redefined and reinvented itself from movies made for the wartime regime to those made amid the
trials of American occupation From the lavish epics of the economic miracle years to searching masterpieces made with
international assistance in a globalizing world Kurosawa s movies responded to changing times This detailed study of all 30
of Kurosawa s films analyzes the links between the thrilling narratives onscreen and the equally remarkable events that
occurred in Japan over his long productive career This book explores how Kurosawa s classics depict the political economic
cultural sexual and environmental upheavals of a nation at the center of a turbulent century both directly and through period
piece mythmaking Mitsubishi I-MiEV ,2010
