Model Making Bernard Otte, Arjan Karssen, 2014 This book is a step by step guide to creating convincing architectural models

The Model as Performance Thea Brejzek, Lawrence Wallen, 2017-11-16 The Model as Performance investigates the history and development of the scale model from the Renaissance to the present Employing a scenographic perspective and a performative paradigm it explores what the model can do and how it is used in theatre and architecture The volume provides a comprehensive historical context and theoretical framework for theatre scholars scenographers artists and architects interested in the model's reality producing capacity and its recent emergence in contemporary art practice and exhibition Introducing a typology of the scale model beyond the iterative and the representative model the authors identify the autonomous model as a provocative construction between past and present idea and reality that challenges and redefines the relationship between object viewer and environment The Model as Performance was shortlisted for the best Performance Design Scenography Publication Award at the Prague Quadrennial PQ 2019 *Marjolijn Mandersloot* Annabelle Birnie, Edwin Van Onna, 2014 This book presents the latest projects of Dutch artist Marjolijn Mandersloot recognizable animal shapes are her source of inspiration

Contemporary Studies in Environment and Tourism Recep Efe, Munir Ozturk, 2017-05-11 The tourism industry is striving hard to create attractive worlds for its customers Both as a necessity and as a challenge this field is overwhelmed by the imagination economy but raises several questions about tourists providing opportunities to move deeper into the understanding of complexities involved in relationships among tourists tourism sites and their historical structure and environmental sustainability As a result of this a serious academic interest in tourism has developed over recent decades as a complex aspect of investigation into humans and their environment This volume brings together case studies from different parts of the world focusing on tourism and its interactions with the environment It provides a general outline of theoretical issues and their practicality in different industrialising countries from both the East and the West The book will appeal to researchers involved in tourism studies and environmental interactions as well as academicians and tourism agencies

The Disorder of Mathematics Education Hauke Straehler-Pohl, Nina Bohlmann, Alexandre Pais, 2016-08-23 Research within a socio political paradigm or turn has been gradually recognized and institutionalized as an important part of mathematics education This book focuses on the neglected problems tensions and contradictions evoked by this process The authors do this by challenging current regimes of truth about mathematics education by identifying how recent technological developments challenge or suspend contemporary conceptions of mathematics education by critiquing the ideological entanglement of mathematics its education and schooling with capitalism by self reflective analyses of researchers impacts on shaping what is and can be perceived as the practice of mathematics education research and by confronting main stream mathematics education with socio political contexts that are usually neglected In this way mathematical rationality becomes contextualized within contemporary society where it
