

Joy Of Holst

Benjamin Britten

Joy Of Holst:

Joy of Holst Samuel Lung, 2014-10-21 **British Music and Literary Context** Michael Allis, 2012 Despite several recent monographs editions and recordings devoted to the reassessment of British music in the late nineteenth and early twentieth century some negative perceptions still remain particularly a sense that British composers in this period somehow lacked literary credentials *British Music and Literary Context* counters this perception by showing that these composers displayed a real confidence and assurance in refiguring literary texts in their music The book explores how a literary context might offer modern audiences and listeners a way in to appreciate specific works that have traditionally been viewed as problematic Each chapter of this interdisciplinary study juxtaposes a British composer with a particular literary counterpart or genre Issues highlighted in the book include the vexed relationship between words and music the refiguring of literary narratives as musical structures and the ways in which musical settings or representations of literary texts might be seen as critical readings of those texts Anyone interested in nineteenth century British music literature and Victorian studies will enjoy this thought provoking and perceptive book **Letters from a Life Volume 3 (1946-1951)** Benjamin Britten, 2011-07-07 The third volume of the annotated selected letters of composer Benjamin Britten covers the years 1946 51 during which he wrote many of his best known works founded and developed the English Opera Group and the Aldeburgh Festival and toured widely in Europe and the United States as a pianist and conductor Correspondents include librettists Ronald Duncan *The Rape of Lucretia* Eric Crozier *Albert Herring* Saint Nicolas *The Little Sweep* and E M Forster *Billy Budd* conductor Ernest Ansermet and composer Lennox Berkeley publishers Ralph Hawkes and Erwin Stein of Boosey and the celebrated tenor Peter Pears Britten's partner Among friends in the United States are Christopher Isherwood Elizabeth Mayer and Aaron Copland and there is a significant meeting with Igor Stravinsky This often startling and innovative period is vividly evoked by the comprehensive and scholarly annotations which offer a wide range of detailed information fascinating for both the Britten specialist and the general reader Donald Mitchell contributes a challenging introduction exploring the interaction of life and work in Britten's creativity and an essay examining for the first time through their correspondence the complex relationship between the composer and the writer Edward Sackville West **Sensibility and English Song** Stephen Banfield, 1985 This highly acclaimed study of English song is the first detailed account of an unusually fruitful interrelationship between English music and English poetry The period covered is known as the English Musical Renaissance and runs from the last years of the nineteenth century to the Second World War Stephen Banfield traces the late flowering of Romantic impulses in solo song during these years surveying it from critical analytical and historical angles He plots the growth of the English stylistic sensibility in song in the decades leading up to the First World War discusses in detail the plateau it reached between the wars particularly in the 1920s and shows how and why it declined as other musical concerns took the field Poets whose verse was set to music most frequently including Housman Hardy de la Mare and Yeats are

treated at length as are pre eminent song composers such as Butterworth Finzi Gurney Ireland Quilter Somervell Stanford Vaughan Williams and Warlock In all more than fifty composers are discussed and numerous individual songs In the final section of the book besides providing an extensive bibliography Dr Banfield catalogues over 5 000 songs giving dates of composition and publication and much other detail listed by composer This comprehensive survey will prove an invaluable reference guide to all students of the subject
