Letters To His Holiness Pope Pius X:

Letters to His Holiness William Laurence Sullivan, 1914 Letters to His Holiness A. Modernist, Brother Hermenegild, 2014-10-17 One should be well warned that this book contains dangerous heresies from the synthesis of all heresies Modernism As such it is only useful as a research tool to uncover the efforts of Modernists to minimize doctrine This introduction shows the Modernist mindset Judging from what I know the author is a devout Christian and also a good Catholic in the broad sense of the word He has been an active priest for many years and is devoted to his pastoral work But his piety has suffered severe shocks and he is fretting under the conflict between the ideal he cherishes and the realization with which to his deep regret he finds so much fault The result is a state of mind which can be imagined from these letters to the highest ecclesiastical authority They are written in the hope that His Holiness will hear the voice crying in the wilderness If we are not mistaken in the signs of the time this voice is not isolated It finds a strong resonance in the minds of many pious Catholics who realize that it would not be wise to speak out boldly because of the subtle methods of the organized hierarchy which have hitherto proved very efficient in meeting any attempt at reform It is easy enough to force the discontented out of the church but the church would scarcely be benefited thereby This work looks forward to a future which was realized some years later during and after Vatican II These letters are not intended to create a sensation but to prepare for a future which in moments of enthusiasm seems near at hand They have a twofold purpose On the one hand our author wants to make the Curia feel its enormous responsibility and on the other hand to educate both priest and layman for the work of reconstruction And then we see classic Modernism Should the Roman Catholic church not conform to the demands of the time should the Curia continue to prevent a reformation so much needed it is quite probable that many pious souls will break away from Rome and originate a genuine Catholic church There are not a few who cling devoutly to the traditional form of worship but who are dissatisfied with the narrowness of the old ecclesiastical institutions The Introduction to this edition the second states In the eighteen months since the first publication of these Letters Pius X has abundantly justified though the measure was already full the complaints and remonstrances which they express The basis of these complaints and remonstrances is that set of ideas and ideals in the name of which every reformer of modern times has spoken his protest to the Vatican Democracy Freedom of Intellect and Freedom of Conscience This work is a manifesto for an abolition of the Catholic Church and replacing it with another Church which is in keeping with the errors of the times *Letters to His Holiness, Pope Pius X (Classic Reprint)* A. Modernist, 2017-09-17 Excerpt from Letters to His Holiness Pope Pius X But before going to the heart of the matter a word must be said concerning the magnitude Of this question of Modernism It is not a squabble intra parietes one of the petty ecclesiastical quarrels which the student Of large problems can afford to despise It is fundamentally a great question Of spiritual liberty attended as advancing liberty nearly always is with the tragic element of suffering as men strive to reach forward to the new light Of the intellect while not relinquishing the ancient loyalties Of the heart It has brought a

crisis perhaps of life and death to the mightiest religious organization that has ever existed among men It aims at a restatement of the creed a revolutionary change in the external polity and a regeneration Of the inner spirit Of the mother church Of Christendom Upon the issue of it de pends to an extent which those who know the move ment best are most inclined to magnify the future place Of Roman Catholicism in the history of civilization About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
