

All dimensions show recommended spacing allowed, except for closet door ventilation openings, which are the minimum required. This washer has been tested for installation with spacing of 0" (0 mm) clearance on the sides. Consider allowing more space for ease of installation and servicing, and spacing for companion appliances and clearances for walls, doors, and floor moldings. Add spacing of 1" (25 mm) on all sides of washer to reduce noise transfer. If a closet door or louvered door is installed, top and bottom air openings in door are required.

*For additional details (or information) specific to your model, refer to your Quick Start Guide.
