DOING ETHICS

MORAL REASONING, THEORY, AND CONTEMPORARY ISSUES

The background of the cover is a stylized illustration of a forest scene. A light brown path splits into two directions, leading into a lush green forest. In the center of the path, a white dog with brown patches is sitting, looking away from the viewer towards the path ahead. The forest is filled with various shades of green, representing different types of trees and foliage. In the distance, a large, snow-capped mountain rises against a deep blue sky. The overall style is clean and modern, with a focus on nature and a contemplative mood.

Studyguide for Doing Ethics Cram101 Textbook Reviews,2013-05 Never HIGHLIGHT a Book Again Includes all testable terms concepts persons places and events Cram101 Just the FACTS101 studyguides gives all of the outlines highlights and quizzes for your textbook with optional online comprehensive practice tests Only Cram101 is Textbook Specific Accompanies 9780872893795 This item is printed on demand **Ethics and Technology** Herman T. Tavani,2016-01-11 Ethics and Technology 5th Edition by Herman Tavani introduces students to issues and controversies that comprise the relatively new field of cyberethics This text examines a wide range of cyberethics issues from specific issues of moral responsibility that directly affect computer and information technology IT professionals to broader social and ethical concerns that affect each of us in our day to day lives The 5th edition shows how modern day controversies created by emerging technologies can be analyzed from the perspective of standard ethical concepts and theories *The Moral Philosophy of Iris Murdoch* Mark Hopwood,2025-04-30 The moral philosopher and novelist Iris Murdoch said that philosophy is both the guide and mirror of the age In this wide ranging book Mark Hopwood explores the significance of Murdoch s philosophy in the present day paying particular attention to her account of the role of metaphor and imagery in moral reasoning Hopwood argues that one of the main reasons Murdoch s work has often been neglected by mainstream moral philosophers is that she offered a radically different conception of what it means to do moral philosophy Rather than seeking to establish a single systematic moral framework in the manner of utilitarian or Kantian theories she argued that moral philosophers ought to be concerned with describing the varied range of moral concepts that we actually use in everyday life and elaborating new concepts and modes of understanding to meet our most pressing social needs Examining the role of vision imagination love goodness and transcendence in Murdoch s work *The Moral Philosophy of Iris Murdoch* presents a compelling and original argument that she is one of the major moral philosophers of the twentieth century *Winning Votes by Abusing Reason* Jamie Carlin Watson,2016-12-14 Over the past few decades psychologists have discovered that human reasoning is defective in surprising ways We are beset by numerous biases and heuristics which lead us to reason poorly about things that matter to us And while there are illuminating evolutionary explanations for how these biases and heuristics may have benefited our species in its phylogeny psychologists are unanimous that these cognitive dispositions largely corrupt rather than aid our belief forming practices In *Winning Votes by Abusing Reason* Political Rhetoric and Responsible Belief Jamie Watson argues that political rhetoric rather than helping us overcome these defects exacerbates them And standard attempts to address this problem such as deliberative democracy and paternalism tend to either exclude citizens from important decisions or give them the illusion of reasoning well perpetuating poor and irresponsible political beliefs This book concludes that rather than attempt more political solutions the most promising approach to forming and preserving responsible political beliefs is to adopt individual principles of epistemic caution The author brings together insights from political philosophy social epistemology

behavioral psychology and agnotology to suggest how we might protect our belief forming behavior from the corrosive effects of political rhetoric Recommended for scholars of philosophy rhetoric political science and communications The Broadview Introduction to Philosophy Andrew Bailey,2019-05-21 The Broadview Introduction to Philosophy is a comprehensive anthology that surveys core topics in Western philosophy including philosophy of religion theories of knowledge metaphysics ethics social political philosophy and issues of life death and happiness Unlike other introductory anthologies the Broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them Each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms Canonical texts from the history of philosophy are presented alongside contemporary scholarship women authors are included throughout

The Broadview Introduction to Philosophy: Concise Edition Andrew Bailey,2024-01-18 The concise edition of The Broadview Introduction to Philosophy offers 44 historical and contemporary readings on core topics in Western philosophy including philosophy of religion theories of knowledge metaphysics ethics social political philosophy and issues of life death and happiness Unlike other introductory anthologies the Broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them Each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms Canonical texts from the history of philosophy are presented alongside contemporary scholarship women authors are included throughout **Home and School Reading and Study Guides** Donna M. Lusardi,Rosemarie Kent,2006 A compilation of information to expand the information in the New book of knowledge Provides a recommended reading list of more than 6 000 books to help teachers librarians and especially parents make optimal use of the set **The Broadview Introduction to Philosophy Volume II: Values and Society** Andrew Bailey,2019-06-18 This volume of The Broadview Introduction to Philosophy offers an intriguing selection of readings on ethics social political philosophy and issues of life death and happiness Canonical texts from historical figures such as Plato Hobbes and Wollstonecraft are included alongside contemporary selections from such thinkers as Claudia Card Judith Jarvis Thomson and Ta Nehisi Coates Unlike other introductory anthologies the Broadview offers considerable apparatus to assist the student reader in understanding the texts without simply summarizing them Each selection includes an introduction discussing the context and structure of the primary reading as well as thorough annotations designed to clarify unfamiliar terms references and argument forms
