Corporate Governance of Banks in Asia: A study of Indonesia, Republic of Korea, Malaysia and Thailand

Sang-Woo Nam, Chee Soon Lum, 2006 **Authoritarian Capitalism** Richard W. Carney, 2018-04-26 Since 1945 the liberal democratic model of capitalism spread across the globe ultimately prevailing over communism Over the past two decades a new statist authoritarian model has begun diffusing across East Asia Rather than rejecting capitalism authoritarian leaders harness it to uphold their rule Based on extensive research of East Asia's largest corporations and sovereign wealth funds this book argues that the most aggressive version of this model does not belong to China Rather it can be found in Malaysia and Singapore Although these countries are small the implications are profound because one third of all countries in the world possess the same type of regime With an increasing number of these authoritarian regimes establishing sovereign wealth funds their ability to intervene in the corporate sectors of other countries is rapidly expanding Strategic Marketing Management in Asia Syed Saad Andaleeb, Khalid Hasan, 2016-12-22 With a view to continue the current growth momentum excel in all phases of business and create future leadership in Asia and across the globe there is a felt need to develop a deep understanding of the Asian business environment and how to create effective marketing strategies that will help growing their businesses Communication and Environment Abd Hamid Hamidah, 2012 There is a dearth of literature on environment communication within the non western world The few existing ones are scattered and not easily available Thus there is a dire need to document research and literature in the field The opportunity arose at the 2009 International Conference on Communication and Environment held in Penang Malaysia The international conference with the theme Transformation for a Sustainable Tomorrow organised by the School of Communication USM attracted scholars practitioners and activists from around the world to listen and deliberate on various aspects of communication and environment The post conference review resulted the selection of 24 papers to be compiled into this edited volume *Islamic Banking & Finance in South-East Asia* Angelo M. Venardos, 2012 Islamic Banking and Finance in South East Asia by Angelo M Venardos has been a must read since its first edition in 2005 and has already been translated to Arabic Now in its 3rd edition the book offers important updates you can look forward to starting with the foundations of Islamic banking developments and issues The reader is then treated to a timely survey of Islamic banking in five South east Asian countries Most of these chapters have been completely revamped from the last edition One additional chapter has been added on Islamic Succession Planning which introduces an increasingly essential aspect of Muslim life that of managing one's wealth now and in the afterlife Whether you are new to the topic or a practitioner in the industry you will appreciate the accessible way in which the book is written According to the Asian Journal of Comparative Law the book gives a broad overview yet manages to achieve this in a rather slim volume while providing depth of analysis at the same time *Bird Observer*, 2003 Proceedings of the 2nd Lawang Sewu International Symposium on Humanities and Social Sciences 2023 (LEWIS HUSO 2023) Eko
