Journal of Proceedings ,1914 *Big-City School Reforms* Michael Fullan,2014 Big cities have mostly failed in their efforts to reform public schools This book shows why and offers a framework for achieving future success Fullan and Boyle internationally renowned thinkers on school change demonstrate that while the educational challenges of big cities can be overwhelming they are not insurmountable They identify six essential push and pull actions that can enable big school systems to improve student achievement Leaders need to push to challenge the status quo convey a high sense of urgency and have the courage needed to intervene But they need to also pull together to create a commonly owned strategy develop a professional power of capital and attend to sustainability Examining three major cities New York Toronto and London through the decade of 2002 2012 this book weaves case studies with careful analysis and recommendations to hone in on which policies and strategies generate quality implementation that in turn raise the bar for all students and reduce the gap for the disadvantaged Big City School Reforms offers invaluable advice to those leading the next phase of school reform in cities around the world **The American City** Arthur Hastings Grant,Harold S. Bottenheim,1916 **A City on the Edge** Dennis R. McBride,2025-09-30 Some years change the course of history 2020 was one of those years As a pandemic lockdowns and an economic downturn convulsed America police shootings of George Floyd and other African Americans touched off the largest protest movement in U S history At the same time mass shootings soared many states saw unprecedented increases in gun related incidents Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself Mayors of cities big and small struggled with some of these challenges but Dennis McBride the new mayor of a mid sized mostly White suburb bordered by the majority minority City of Milwaukee called the heartland of the heartland faced them all His city a microcosm of a troubled America teetered on the verge of anarchy while playing a crucial role in the presidential election A City on the Edge is the gripping story of how he and other mayors have steered America s hometowns through a storm of personal and political divisions Though the chaos of 2020 has gradually subsided it is still reverberating in the nation s economy politics and psyche

The changes sparked by the events of that historic year continue to vex mayors and their communities Americans and their leaders are searching for a new equilibrium That balance will be found first in our hometowns A City on the Edge offers a path forward *American Manufacturer and Trade of the West* ,1912 **Forum and Column Review** ,1894 **Life** ,1922
