Modern Soccer Coach Gary Curneen:

The Modern Soccer Coach Gary Curneen, 2018-03-07 Gary Curneen's 30 College Training Sessions is an inside look at how he structures his training sessions and what exercises he uses. Taken from four years at the Division I level, the sessions are split into attacking, defending, combinations of both, and passing patterns. Everything is specific to how Gary wants his teams to play and guarantee intensity, competition, and variety for players and coaches to use and enjoy. [Detail](#) Gary Curneen, 2022. Detail offers a unique insight into the many levels of depth and perspective that currently exist for coaches of the beautiful game. With almost 2 million listens to the Modern Soccer Coach Podcast, Gary has spent four years talking to some of the biggest and brightest names in the sport. At the same time, he's been working at the professional level and pursuing his own coaching journey. This book takes the life of a coach and goes deeper to question certain facets and separate theory from practice. From development to results and family to career advice, this book has everything for a coach who wants to explore coaching much deeper than sessions and games. In a tough profession, Gary delivers coaches with perspective that can help them navigate through the tough times and enjoy the good times. **The Modern Soccer Coach** Gary Curneen, 2018-01-19. In recent years, player development has been a hot topic in the soccer world. With more pressure on coaches to win than ever before, the modern game seems to be less about actual players and more about tactical systems. In many places, the majority of training sessions are structured so that each player receives the same training as his or her teammates, even though they are asked to perform different functions. As a result, players do not receive specific feedback and lack the ability to produce functional skills in the heat of a game. Aimed at football coaches of all levels and players of all ages and abilities, *The Modern Soccer Coach: Position Specific Training* seeks to identify, develop, and enhance the skills and functions of the modern soccer player, whatever their position and role on the pitch. This book offers unique insight into how to develop an elite program that can both improve players and win games. Filled with practical, no-nonsense explanations, focused player drills, and more than 40 illustrated soccer templates, this book will help you, the modern coach, to create a coaching environment that will take your players to the next level. Understand how the concept of player development needs to change as players progress in the game. Examine how learning styles have changed and how coaches must adapt accordingly. Enhance your players' performance levels with innovative exercises and ways to share feedback and critical information. Includes chapters and exercises for developing Centre Backs, Full Backs, Holding Midfielders, Attacking Midfielders, Wide Attackers, and Centre Forwards. Learn how certain coaches can move their players from interested to committed. Develop ways to maximize the talent levels of your players. **The Modern Soccer Coach** Gary Curneen, 2016. When it comes to building successful soccer teams, pre-season is a critical time. It's the perfect time for the coach to create a team identity, set standards, develop effective training habits, and reinforce winning behaviors. Get it right, and you can set the foundation required to catapult your team towards an excellent season. Get it wrong, however, and your season might never

recover This book looks at how pre season has changed over the past 10 years and offers ways for coaches to adapt their work and methods to deal with these changes accordingly Pre season is about much more than fitness testing long distance running and grueling physical work The Modern Soccer Coach Pre Season Training looks at new innovative ways to engage players so that they want to train at the maximum every day and push towards new limits for the new season ahead Aimed at soccer coaches of all levels who work with players of all age groups this book focuses on maximizing every minute you have with your team to help them prepare to set the highest of standards for the season ahead The book offers a unique insight into how the best coaches in the world are preparing their teams from day one With over 60 training exercises designed specifically to challenge your players to their maximum physically technically tactically and mentally this is pre season training like you have never seen it before Design a tactical model that suits your team specifically Create a winning culture centered around hard work and commitment Understand common coaching mistakes and how to avoid them Develop training exercises designed to meet the demands of the game Learn how to coach players who do not prepare well Contains more than 60 pre season training exercises **The Modern Soccer Coach: Position-Specific Training** Gary
