Rethinking the Occupy Movement in Hong Kong Shen Yang, 2024-07-25 Yang examines the political process of the Occupy Movement spanning from January 2013 when the Occupy Central with Love and Peace OCLP campaign was initiated to December 2014 when the Occupy Movement finally ended This book adopts an actor centered approach in the study of democratization and places civil society as the focus of the analysis The OCLP campaign was an attempt to transfer leadership of democratization from political parties to civil society while the incorporation of Deliberation Days further let ordinary participants decide on the electoral proposals The democratic ideals of civil society activists and the mobilization of radical democrats led the campaign to enter a radical position The Chinese government interpreted democratization in Hong Kong from a regime security perspective and took a hardliner position After the Occupy Movement finally occurred the leadership of civil society and the conception of civil disobedience contained the radical protesters However after the movement civil society organizations were blamed for its failure and contention in Hong Kong became more transgressive and decentralized This book is a valuable resource for scholars of Hong Kong s Politics and a relevant case study for those studying the dynamics of social movements and the civil society strategy in democratic transition

Routledge Handbook of Global Health Rights Clayton Ó Néill, Charles Foster, Jonathan Herring, John Tingle, 2021-05-30 This book examines the idea of a fundamental entitlement to health and healthcare from a human rights perspective The volume is based on a particular conceptual reasoning that balances critical thinking and pragmatism in the context of a universal right to health Thus the primary focus of the book is the relationship or contrast between rights based discourse jurisprudential arguments and real life healthcare contexts The work sets out the constraints that are imposed on a universal right to health by practical realities such as economic hardship in countries lack of appropriate governance and lack of support for the implementation of this right through appropriate resource allocation It queries the degree to which the existence of this legally enshrined right and its application in instruments such as the International Covenant on Economic Social and Cultural Rights ICESCR and the Universal Declaration of Human Rights UDHR can be more than an ephemeral aspiration but can actually sustain promote and instil good practice It further asks if social reality and the inequalities that present themselves therein impede the implementation of laudable human rights particularly within marginalised communities and cadres of people It deliberates on what states and global bodies do or could do in practical terms to ensure that such rights are moved beyond the aspirational and become attainable and implementable Divided into three parts the first analyses the notion of a universal inalienable right to health care from jurisprudential anthropological legal and ethical perspectives The second part considers the translation of international human rights norms into specific jurisdictional healthcare contexts With a global perspective it includes countries with very different legal economic and social contexts Finally the third part summarises the lessons learnt and provides a pathway for future action The book will be an invaluable resource for students academics and policymakers working in the areas of health law and policy and international human rights law
