

Trail of Tears DBQ

Resource Overview: This Document-Based Question (DBQ) provides an in-depth exploration of the Trail of Tears, a forced migration of Native American tribes in the 1830s that resulted in significant hardship and loss of life. Through the analysis of primary and secondary sources, students will examine the political motivations behind the Indian Removal Act, the legal battles waged by Native American leaders, and the devastating consequences of forced relocation. By engaging with historical documents, students will develop critical thinking skills, assess varying perspectives on U.S. government policies, and construct a well-supported argumentative essay. This DBQ aligns with middle and high school U.S. history curriculum standards, making it an essential resource for understanding the complexities of early 19th-century American policies toward Native American populations.
